FOUNDED A.D. 1867

TO ADVERTISERS!

The Star now has a very much larger number of readers than ever before in the forty odd years of its history. We can quote you a very attractive proposition.

VOL. LXXXVII—NO. 44. WILMINGTON, N. C., SATURDAY MORNING, NOVEMBER 12, 1910. WHOLE NUMBER 13,451.

## SAVANNAH RACES PROVING SUCCESS

**Dawson Finished First in Banner Event on the Course Yesterday.**

### NEITHER DEATH OR INJURY

**Time in Both Races Record-Breaking for That Course—Knipper Wins Tiedeman Trophy—Boy Spectator Hurt**

**Winners and Events.**

Savannah trophy, 16 laps of 17.3 miles each, 276.8 miles.

First, Joseph Dawson (Marmon), 4 hours, 23 minutes and 39.98 seconds.

Second, W. A. Roebling, Jr., (Mercer), 4 hours. 35 minutes and 25 seconds.

Third, Hughie Hughes, (Farcar) 4 hours, 46 minutes and 11.34 seconds.

Tideman trophy, 11 laps, 190.3 miles. First, "Billy Knipper, (Lancia), 3 hours, 15 minutes and 22.67 seconds.

Second, F. A. Witt (E. M. F.) 3 hours, 26 minutes and 34.22 seconds.

Third, Thomas Costello (Maxwell), 3 hours, 39 minutes and 19.06 seconds.

Fourth, Ellery Wright (Maxwell), 3 hours. 39 minutes and 23.24 seconds.

Savannah, Ga., Nov. 11.—Neither death or injury of driver or mechanician, marred the first day of the races of the Savannah Automobile Club, held under the auspices of the Automobile Club of America. The day did not pass, however, without levying its possible toll of life, but the casualty was but incidental. Willie Rice, a 12-year-old boy, watching the races, had his skull crushed by a falling sign post. He is reported dying at a hospital.

Promptly at 10 o'clock, amid the cheering cries of several thousand of spectators who had come from far and wide, the two races began. The six starters in the Savannah challenge race and the eight in the Tiedeman trophy race, were called to the mark by Starter Fred Wagner at the same time. First on the line was Hughie Hughes in his Falcar. As he got the count and the parting slap on the back from the starter, he gave his car the power and it bounded forth for the race which was not to end for nearly five hours.

At 30 second intervals the other entrants for both races followed.

Keenly interested in the start and watching every car with breathless attention as it leaped forward the crowd sent salvos of applause after its favorites.

Then catching its breath it sat back to await the re-appearance of the cars as they rounded the grandstand turn. First to show was Lou Heinemann, in a Marmon. Starting second, he had passed Hughes. In quick order then they came, with Dawson showing the fastest time, 16 minutes and 20 seconds, for the first lap. The start he got in that lap he never lost, maintaining his advantage to the end of the race. Not once did he stop, not even for water or gasoline. No other car in the long race had such a record. Soon it was clear to those who were following the race closely, that the Savannah trophy, barring chance, would fall to Dawson, Frank Getnaw or Roebling. Then the ninth lap saw the elimination of Getnaw. His steering gear went bad on a back stretch turn; he lost control and his car went at tremendous speed along the soft ground at the edge of the road, ploughing through one bank, leaped upon another. It came to a stop only when it had been battered almost to pieces. He and his mechanic sat tight and escaped without a scratch.

Getnaw's mishap left Roebling as Dawson's chief competitor. Roebling was going strong until near disaster overtook him on the 16th and last lap when his car skidded and crashed into a palmetto tree, the accident leaving him with no brake and with but one speed and that the highest. Undaunted, driver and mechanician sent the crippled car on, finishing after they had been reported out of the race, and that with a part of the gear dangling behind on the ground. It was so that Roebling won second place.

When Hughes finished third, Heinemann was somewhere on the back stretch on his 15th lap. The race was then declared finished. Another contestant, S. W. H. Pearce, in a Falcar, broke an axle in the ninth lap.

At about 2:30 o'clock the winner of the Savannah trophy finished. Nearly an hour before Knipper had finished in front of his competitor in the Tiedeman race. From the first lap he had kept a lead and, without stopping once for trouble of any nature, finished with a margin that he might have made much wider had he cared.

Witt, in his little "E. M. F." was doing good work, but never did he have Knipper uneasy. The best he could do was second place with a good lead over the third man, Costello, in a Maxwell. Only seconds separated Costello and his team mate, Wright, also driving a Maxwell.

The time in both races was regarded as record-breaking for this course.

Knipper averaged 58.44 miles an hour.

In the Savannah trophy race with higher power cars than those in the Tiedeman race, Dawson showed an average speed of 62.28 miles an hour.

With fair weather but cooler, predicted for tomorrow, the Grand Prize race is expected to prove of thrilling interest. Scratches have reduced the starters to 15, but among them are numbered some of the most famous cars and drivers in the world.

The race is to start promptly at 9 o'clock. The distance is 415.2 miles, or 24 times around the course.

## GAYNOR IS ANGRY WITH EXPRESSMEN

**Jersey Drivers Rejected Peace Proposal When Strike Was About Ended.**

### AGREEMENT WAS TO NO AVAIL

**Mayor Declares Express Wagons Can Run Without Their Help—Judge Coxe Renders Decision Concerning Matter.**

New York, Nov. 11.—The striking express drivers and helpers, of Jersey City, nullified this afternoon the agreement reached early this morning between the New York strikers and the five trans-continental companies. That agreement was conditioned on the consent of the Jersey men to return to work, and they have refused.

The situation now reverts to precisely the position it occupied before Mayor Gaynor took a hand in the negotiations—with this exception, that the mayor is angry and resolved to temporize no longer. Some of the New York drivers and helpers, who believed the Jersey men would also ratify the agreement, were on their wagons today, but if the International Brotherhood of Teamsters makes good its word, they will all be called out again. The chauffeurs are fighting their own battle and it promises to be a bitter one. Five hundred cab drivers went out to aid them today and they all vow that they will never go back until the union is recognized.

When the decision of the Jersey men became known to the Brotherhood officials on this side of the Hudson, General Organizer Ashton called on Mayor Gaynor. At the end of the conference, which was brief, Mr. Ashton had nothing to say, but Mayor Gaynor expressed himself succintly.

"They can reject the agreement if they want to," he said, "but I beg to say that a committee of their own selection came to me voluntarily, with no request of mine, and made an honorable agreement. If the men reject that honorable agreement, I shall teach them that express wagons can be run without their help, even if we have to man every one of them with policemen."

Judge Coxe, in the United States Circuit Court, decided today that all express wagons may be run in this city under the conditions that have hitherto obtained—that is, without municipal licenses—until the status of a driver in charge of interstate express matter with reference to a municipal ordinance has been fixed. A further hearing will be held a week from today.

The day was one of expectancy and there was little violence in the streets.

### THREE GUILTY AT CHESTER.

**Charged With Conspiracy to Defraud State——Dispensary Cases.**

Chester, S. C., Nov. 11.—John Black, former member of the old State Dispensary Board, indicted jointly with Jodie M. Rawlinson and Leo Solomons for conspiracy to defraud the State, tonight was convicted. The two other defendants were acquitted.

John Black, formerly a member of the board of directors of the old South Carolina State dispensary tonight was found guilty of conspiracy to defraud the State. Jodie M. Rawlinson, another former member of the board and H. Lee Solomons, formerly representative of a liquor house, who were indicted jointly with Black were acquitted.

Black's counsel filed notice for a new trial. This will be heard tomorrow morning. In the meantime Black is out under bond.

The conspiracy for which Black was convicted is alleged to have occurred in 1906. Wylie, Black and Rawlinson, one of Black's county defendants, were the members of the board at that time. The prosecution charged that the defendants had taken rebates from the liquor dealers who, therefore, charged the State more for liquors furnished for the use of the old State dispensary, which was done away with in 1907.

## WIFE OF PACKER STILL A PRISONER

**Mrs. Schenek in Wheeling Jail Denies Attempt to Poison Her Husband.**

### MILLIONAIRE IS VERY ILL

**Further Arrests Are Expected in the Case.—Is President of Big Packing Firm.—Sensational Details Expected.**

Wheeling, W. Va., Nov. 11.—In a room in the tower of the jail fitted up with a rocking chair and quilts from her own palatial home, Mrs. Laura Farnsworth Schenk, remained today, detained without privilege of bail, awaiting developments in the illness of her husband, John O. Schenk, a millionaire pork packer.

Arraignment of Mrs. Schenk on charges that she attempted to poison her husband by putting arsenic in his food and drinking water, will be delayed pending the outcome of his sickness. At the North Wheeling hospital he was reported today as slightly improved, but still critically ill. He suffers a ...gh fever and has a pulse of 124. Despite his weakened condition the authorities ventured to tell him o fthe arrest of Mrs. Schenk, but he said to have only exclaimed her name and later remarked: "If all these things are true, she is where she ought to be."

That further arrests are to be made in the case was added tonight by Prosecuting Attorney Handlan and Chief of Police Hastings. It is believed the unnamed suspects are expected to furnish light on the manner in which arsenic, or other drug, might have found its way into the Schenk home.

At the jail today Mrs. Schenk was questioned anew, but she repeatedly declared her innocence of any attempt upon her husband's life.

Laura Farnsworth Schenk is the daughter of a poor family in Marietta, Ohio. She came to Wheeling 25 years ago and found employment as a domestic. She worked in several homes here until ten years later Mr. Schenk, who was then 27 years old and wealthy took her to his palatial home on Wheeling Island in the Ohio river as his wife. She is a blonde, of ruddy complexion and buxom form.

Mr. Schenk, who is president of the pork packing firm of F. Schenk & Sons, is a millionaire and is a brother of A. M. Schenk, who recently announced his candidacy for the United States Senate against Nathan B. Scott.

### INSURANCE MAN INDICTED.

**After Attempting Suicide He Now Faces Charge of Embezzlement.**

Washington, Nov. 11.—John A. Sims, former local superintendent of the Life Insurance Company, of Virginia, was indicted today for alleged embezzlement. The indictment charges that Sims appropriated to his own use checks sent in settlement of local death claims and money turned over to him by the local cashier of the company, amounting to about $2,000.

Sims attempted to commit suicide in the waiting room at the office of a local physician and was taken to the emergency hospital, then was under observation as to his mental condition. When he was released from the hospital his arrest followed.

### FREIGHT TRAFFIC OFFICERS.

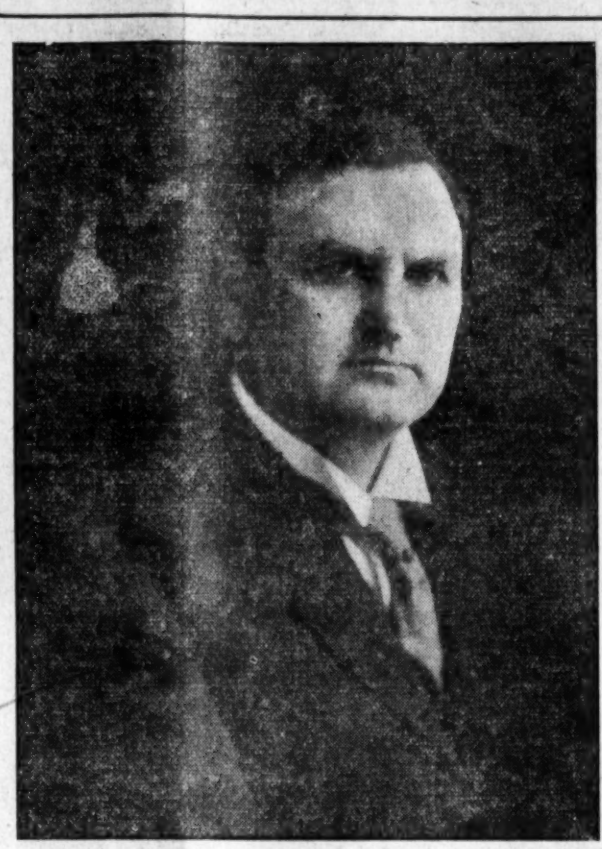
**Annual Convention of American Association at New Orleans.**

New Orleans, Nov. 11.—The annual convention of the American Association of Freight Traffic Officers opened here today. One of the principal subjects discussed today was the long and short haul of the new railroad law passed by the last Congress.

### OUTLINES.

On the first day of the Savannah races, Joseph Dawson, driving a Marmon car, finished first in the banner event. The Grand Prize event will be the feature for today——Further attacks on American citizens were reported to the State Department yesterday. Property damage to the amount of $10,000 resulted during the rioting——The peace proposal which was accepted by the New York expressmen on strike, Thursday night, was yesterday rejected by the Jersey men. Mayor Gaynor declares express wagons will run without their help. ——American citizens in Mexico have been cautioned not to engage in rioting with the Mexicans. It is believed that another outbreak is unlikely. ——Fifteen officers and directors of the Imperial Glass Company plead guilty to violation of the Sherman anti-trust law yesterday and were each fined $500.——New York markets: Money on call easier 3 1-2 to 4 per cent., ruling rate 3 3-4, closing bid 3 5-8, offered at 4. Flour steadier with wheat. Wheat spit firm, No. 2 red 96 1-2 elevator and 96 1-4 f.o.b. afloat. Corn spot easy; No. 2, 57 3-4 elevator, domestic basis to arrive and 58 f.o.b. afloat. Aats firm; standard white 38. Turpentine steady. Spot cotton closed quiet and unchanged, middling uplands 14.80; middling gulf 15.05.

## *His Majority Is Increased.*



*Hon. H. L. Godwin, Who Increased Democratic Lead In Sixth District to Over 6,500.*

## ARRESTS FOR INSULT TO FLAG

**Efforts of Mexican Government to Suppress Anti-American Riots—American Citizens are Cautioned.**

Washington, Nov. 11.—American citizens in Mexico have been cautioned by United States Ambassador W. L. Wilson to refrain from acts of violence as he is convinced that the Mexican government is exerting its best efforts to suppress the anti-American riots.

Mr. Wilson telegraphed the State Department today that he anticipated no further violence and that the American embassy was being carefully protected. He reported the arrest of 51 men for acts of disorder.

Several interviews have been held between Secretary of State Knox and Senor de LaBarra, the Mexican ambassador, in regard to the situation that has arisen as the result of the lynching of the Mexican, Rodriguez, at Rock Springs, Texas, November 3. There is no doubt that both governments keenly regret the trouble.

Every effort is being made to protect Mexican citizens in Texas, Governor Campbell reported to the State Department today. He said that he anticipated no further trouble, and that the lynching of Rodriguez was being thoroughly investigated. All possible assistance is being given the Mexican counsul at Eagle Pass, who is endeavoring to identify those responsible for the lynching.

**American Consulate Wrecked.**

Mexico City, Nov. 11.—According to private telegrams received tonight the American consulate at Ciudad Porfirio Diaz, State of Coahuila, and just across the border from Eagle Pass, was wrecked by a mob of Mexicans last night. The message stated that no one was injured.

**To Investigate Lynching.**

Austin, Texas, Nov. 11.—The Mexican government is to conduct an independent investigation into the lynching of the Mexican, Rodriguez, at Rock Springs, according to a telegram received by Governor Campbell from Philander C. Knox, Secretary of the State. Secretary Knox wired that the Mexican consul and Vice Consul at El Paso were required to make the investigation on American soil and urged Governor Campbell to afford them protection while in Texas.

Governor Campbell was also requested to afford protection to all Mexicans at Rock Springs. Governor Campbell wired Secretary Knox that ample protection would be afforded and that there was no apprehension of any disturbance. The governor also wired the sheriff of Edwards county to afford the Mexican consul and the vice consul all necessary protection. A detachment of rangers may be sent to assist the sheriff.

### FOUR WORKMEN KILLED.

**Result of Explosion of Boiler at Kenton, Ohio Yesterday.**

Kenton, Ohio, Nov. 11.—Four workmen were instantly killed here today by the explosion of a boiler at a saw mill. They had gathered about the boiler to get warm.

## GLASS TRUST MOGULS FINED

**Fifteen Officers and Directors Guilty of Violating Sherman Law.—Court Scored Defendants.—Combine is Dissolved.**

Pittsburg, Nov. 11.—Fifteen officers and directors of the Imperial Window Glass Company pleaded nolo contrendre before Judge James S Young, in the United States District Court today to a violation of the Sherman anti-trust act and each was fined $500. At the same time a fine of $2,500 was imposed upon the corporation itself with costs. Among those fined are Myron L. Case, president; J. G. Sayre, Secretary, and M. J. Healy, vice president

Dissolution of the combine, by which the government alleged a monopoly in hand-blown window glass had been established and an increase in price to 60 or 70 per cent. been effected, will follow immediately, it was announced, by attorneys for the company.

The Imperial Window Glass Company was indicted by the Federal grand jury here last April, with individual indictments against the officers and directors, mainly through the activity of United States Attorney John H. Jordan and Edwin P. Grosvenor, special assistant to the attorney general's office at Washington. The company was organized in West Virginia iess than two years ago.

The court severely scored the defendants. The company, it has been alleged, controlled the product of glass factories in more than a score of States.

### JOHN D., THREATENED.

**Hungarian, Held by Police, Demanded $50,000 of Him.**

New York, Nov. 11.—Charged with writing a threatening letter to John D. Rockefeller, demanding $50,000, Peter Lillijohn, a Hungarian, 23 years old, is held at police headquarters here. Hugo Kardoff, who accuses Lillijohn of sending the letter to him to be forwarded to Mr. Rockefeller, made the complaint which caused the young Hungarian's arrest.

Kardoff told detectives he received three letter from Lillijohn this afternoon. One written in Hungarian, was addressed to the Standard Oil chief, and contained the demand for $50,000. The others were addressed to Kardoff and directed him to translate and forward the message to Mr. Rockefeller under threat of death.

### VESSEL ARRIVES AT LAST.

**Badly Battered Schooner Which Encountered Hurricane at Sea.**

Baltimore, Nov. 11.—Nearly a month overdue, the schooner Inez Carver, badly battered, arrived here today with a cargo of lumber from Mobile. Their experience, according to Captain Dow, was one of the most thrilling that the crew has ever made. The schooner was in the midst of the terrific West India hurricane of a few weeks ago. The Carver sailed September 30th from Mobile, a trip which ordinarily takes from 12 to 15 days. She encountered the storm off the Florida Keys and put off to mid-ocean to escape going ashore.

New York, Nov. 11.—Charles F. Murphy, leader of Tammany Hall, left for Hot Springs, Va., this afternoon for a rest after the campaign.

## FURTHER ATTACKS UPON AMERICANS

**Mexicans Incensed by Lynching Continue Depredations and Rioting.**

### ANOTHER OUTBREAK UNLIKELY

**Flag Was Burned Amid Cries of "Death to the Gringos."—Property Damage Reached $10,000.—Jealousy the Cause.**

Guadalajara, Mexico, Nov. 11.—An American flag was burned amid cries of "Death to the Gringos," last night, during riotous demonstrations against Americans, because of the lynching of a Mexican in Texas. Depredations committed by the rioters were not made known until late today when the danger of a further outbreak seemed unlikely.

Conservative estimates today place the damage to property of Americans at from $5,000 to $10,000.

Although the efforts of government officers to preserve order prevented further rioting today, a spirit of unrest prevailed and renewed violence was feared.

Manuel Cuestra Gallarado, candidate for governor, is doing everything possible in conjunction with the commander of the Federal troops to maintain peace. American Consul Samuel Magill has been assured by Mexican officers that there will be no further trouble.

Late last night a high iron fence, surrounding the Methodist Missionary Institute, was torn down by the mob and the windows in the building were smashed.

Glass doors and windows in the homes of C. N. Strotz, W. L. Kline, Rev. R. C. Elliott, C H. Crothers and Dr. W. S. Swaysee, in the American colony, were demolished. Plate glass fronts in the American Banking Company's building, the German Drug Store, the Commercial Banking Company offices, the National Candy Company, the West End Realty Company, the Hardware Store of Carlos Hering and the American Drug Company's store were broken. Windows were also demolished in the Cosmopolitan Hotel and an American restaurant.

C. E. Myers, of Jopkin, and Cliff Munger, of York, Pa., railroad employes, were beaten and kicked by the rioters, but they were not seriously injured.

**Jealous of American Success.**

New York, Nov. 11.—Jealousy of American success in business and in manufactures is held responsible for the present agitation in Mexico against this country by C. Pipuette Mitchell, American vice-consul at Mexico City, who returned from Europe today by the Lusitania, after a short leave of absence.

**Minister Creel Talks.**

Mexico City, Nov. 11.—In an interview concerning the recent disturbances in Mexico, Minister of Foreign Relations Enrique C. Creel tonight said that the Mexican government had communicated to Washington the profound regret felt for the acts of violence committed and had given assurances that those responsible would be dealt with by judicial authorities and in conformity with law.

He did not believe, he said, that there existed any danger of a rupture of the friendly relations existing between the two countries because both governments were desirous of seeing justice done.

"Never," he said, "have the relations between the countries been so cordial or so solidly cemented as at the present time."

### JUDGE LANDIS DISQUALIFIED.

**Claim of Attorneys Representing Indicted Members of Beef Trust.**

Chicago, Nov. 11.—Judge Kenesaw Mountain Landis, of the United States District Court, author of the famous $29,000,000 fine against the Standard Oil Company, is not desired by indicted members of the so-called beef trust to preside over their trial on a charge of conspiracy in restraint of trade.

A quartette of counsel for the packers entered the court room and demanded a change of venue on the grounds that Judge Landis is disqualified from sitting in the case by reason of having acted in the role of special prosecutor, or at least investigator, of a similar charge against same defendants 15 years ago.

"File your petition with the clerk of this court, and I will hear arguments next Wednesday," remarked the court.

When seen late Judge Landis said he had no comment to make on the application.

TO ADVERTISERS.

Advertisers in The Morning Star will confer a great favor upon us if they will let us have changes for the Sunday edition as early as possible today. Early copy not only means better display, but better position and results in great convenience to the office in the rush of a Saturday night's business.

## ENGLISH ELECTION SOON TO BE HELD

**Prime Minister Left Yesterday to Confer With His Majesty.**

### LIBERALS WANT EARLY ACTION

**Campaign Practically Began Last Night—Unionists Will Fight on the Home Rule Issue—Constitution.**

London, Nov. 11.—An early general election being assured, the only question now agitating the country is whether it will take place in December or January. Herbert Henry Asquith, the prime minister, who must decide this question, thus far has kept his own counsels.

He left town quietly this afternoon and not even the members of his cabinet knew his destination until the newspapers announced his arrival at Sandringham, where King George is in residence. The object of the visit is to acquaint his majesty of the failure of the constitutional conference and to advise him of the course the government intends to pursue.

It is believed that the cabinet has decided not to carry on any further work with the present parliament without such guarantees as would insure success to the government's policy. Ordinarily the resolution on the veto power of the House of Lords which passed the House of Commons at the last session, will be discussed in the upper chamber and the government would await their rejection before taking action. The refusal of the constitutional conference to accept the government's compromise, however, makes discussion of the veto resolution useless in the view of the radicals and the opinion prevails that the government either must resign or advise the dissolution of Parliament.

It is significant that the trend of feeling in Liberal circles distinctly favors an immediate election.

The campaign practically began tonight with speeches in all parts of the country. Organizations of all kinds are getting on their war paint. Not the least of these are the suffragettes, whose cry will be "down with the veto and prime minister."

The Unionists will fight their campaign on the home rule issue.

### MEMPHIS BANKER SUICIDES.

**President of Savings Bank Took His Own Life.**

Memphis, Tenn., Nov. 11.—Following the suicide today of F. Schas, president of the Continental Savings Bank, of this city, a receiver was tonight appointed to take charge of the affairs of the institution. Hunsdon Cary, a local attorney, was appointed receiver.

The petition asking the appointment of a receiver was filed by attorneys representing the board of directors, who alleged that the bank was insolvent. Bad loans and the decline of certain stocks in which the bank had invested, were assigned as the cause of its condition.

The institution was comparatively a small one. The capital stock was $50,000 and the deposits, according to its last statement, about $450,000. It is said that all depositors will be paid in full.

The death of Mr. Schas was attended with sensational incidents. He repaired to the main pavilion of Overton Park about noon today and swallowed poison. The banker then attempted to kill himself by plunging a knife into his throat. He then fired a pistol ball through his head, dying instantly. His friends believe he was mentally unbalanced. They say that no other reason can be given for the suicide.

### MEMORIAL TO JOHN HAY.

**Honor Paid Former Secretary of State—Root a Speaker.**

Providence, R. I., Nov. 11.—Men prominent in the educational world assisted in the dedication at Brown University today of a memorial library, in commemoration of John Hay, once Secretary of State, who was an alumnus of Brown. Eulogies were delivered by United States Senator Root, of New York, who was associated with Mr. Hay in the cabinet of President McKinley, and succeeded him as Secretary of State and by President Emeritus James B. Angell, of the University of Michigan, who was Mr. Hay's teacher at Brown and afterwards his close friend and advisor.

### BLOW TO WOMAN SUFFRAGE.

**That Plank Voted Down in Arizona Legislature.**

Phoenix, Ariz., Nov. 11.—Woman suffrage received a blow today when the constitutional convention by a vote of 15 against 28 defeated the Connelly proposition instructing the first State Legislature at it first session to submit the question to a referendum vote.

It was after several hours of oratory that the woman's suffrage plank was voted down.

## PRISONER WOUNDED TWO.

**Warden and Physician Victims.—Attack With a Knife.**

Concord, N. H., Nov. 11.—Deputy Warden Frank R. Bailey, of the State prison, in this city, was seriously wounded and Dr. Ralph E. Gallinger, the prison physician and son of United States Senator Jacob H. Gallinger, was cut in the wrist by a man known only by John Doe, who is serving a life term for murder. The prisoner came on the two men from behind and stabbed them with a knife.

His chances of recovery are now believed to be good. Deputy Bailey's wound is in the abdomen and his condition is said to be more comfortable tonight.

Dr. Gallinger's injury is not serious. Doe was engaged in cleaning a corridor when in some way not yet explained he got possession of a knife which one of the "trusties" was using in making some repairs. The warden and the physician were engaged in receiving the daily sick report of the prison when they were attacked.

Doe was quickly overpowered and disarmed by other prison officials.

While attempting to escape arrest for a burglary in Dover in 1905 "Doe" shot and killed a passenger on a train at Rockingham Junction and was sentenced to life imprisonment.

## ATTELL AND CONLEY.

**Match Scheduled in Ring at New Orleans Sunday.**

New Orleans, Nov. 11.—The biggest event in New Orleans recent ring history is scheduled for the West Side Athletic Club on Sunday when Abe Attell, featherweight champion, will meet Frankie Conley, the bantamweight title holder in a 15-round bout. Although Conley will enter the ring close to the featherweight limit and wanted to fight Attell for the championship, the latter insisted on a catch weight proposition.

Conley has been in training here for nearly three weeks and Attell is expected tomorrow morning from Philadelphia. While the featherweight champion is the favorite in the betting at odds of 2 to 1, bets of 10 to one are being placed on Conley's staying the limit.

"We are coming to see a Kenosha boy win the featherweight championship," wired a bunch of sports from Conley's home town in Wisconsin last night.

## THE "DEADLY SAMPLES."

**Thrown Out on Spencer Streets, Inhabitants Are Sick.**

Spencer, N. C., Nov. 11.—A number of Spencerians are victims of an apparent poison caused by using advertising packages handed out on the streets here this week by agents of a patent medicine house. The packages were thrown in front yards, handed in at doors and to persons on the streets and purported to be an antidote for almost all ills to which man is heir. Among those who gave the medicine a trial are J. W. Trent, W. H. Jefferson, and several others. Soon after taking the medicine they were seized with a cramp which, it is said, almost tied them into knots and while the victims are improved today they are not yet from under the influence of the drug.

## PLENTY OF GOLD.

**More Than $10,000,000 Received at Seattle Assay Office.**

Seattle, Nov. 11.—More than ten million dollars worth of gold has been received by the United States assay office here since the first of the year, according to a statement given out by the assayer yesterday.

The total receipts from January 1 to November 8 from Alaska and British America mines is given as $10,507,621.94.

Of this amount $9,309,107.75 came from Alaska; $1,036,296.03 from British Columbia and $97,021.75 from the Yukon territory. Other sources in Canada contributed $64,994.41.

## DOOIN TO REMAIN MANAGER.

**Exchange of Baseball Players to Go Through, it is Reported.**

Philadelphia, Nov. 11.—According to a statement printed here today, Chas. Dooin will manage the Philadelphia Nationals next season and the deal arranged by him and Clark Griffith of the Cincinnati Nationals for exchange of players will go through.

Horace Fogel, president of the Philadelphia Club and Dooin held a conference yesterday and as a result the latter announced his intention of remaining in Philadelphia.

## U. D. C. TO RICHMOND.

**National Convention Meets at Southern Capital Next Year.**

Little Rock, Ark., Nov. 11.—With the election of officers and the selection of Richmond, Va., as the place of the next meeting place, the National Convention of the United Daughters of Confederacy practically completed its work tonight.

The election of the convention city precipitated a spirited fight made by those delegates who favored Washington, the vote on the question being close.

## "BEEF SOUL CELEBRATION."

**Remarkable Ceremony Performed Recently at Tokio.**

Seattle, Nov. 11.—Steamer advices tell of the ceremony of the "Beef Soul Celebration," which took place recently in Tokio, for the purpose of appeasing the souls of thousands of cows and oxen killed during the recent war to supply the army in Manchuria.

It was estimated that 130 a day were killed. A monument was erected "to prevent the souls of these slaughtered animals rising in retribution against the butchers."

## INJURED IN HER BATHTUB.

**Montgomery Woman Gets Damages from Lighting Company.**

Montgomery, Nov. 11.—While Mrs. James E. Miller was bathing in a bathtub several months ago she was so severely and peculiarly shocked and injured that the court yesterday awarded her $3,500 damages.

Her ablutions were cut short when she came in contact with a gas fixture charged with electricity. She sued the Montgomery Light and Power Company, the suit ending in the United States court of appeals.

## THE HANOVER HOTEL.

**Cut of Proposed Wrightsville Beach Hostelry is Printed.**

The Charlotte Chronicle of yesterday afternoon says:

"This week's issue of the Manufacturers Record carries a cut of the proposed new hotel at Wrightsville Beach. It is from the drawing by the architects, Milburn, Heister & Co., and these are the main points: "Estimated cost, $250,000; to be erected by Atlantis Hotel Company; building to be 168 by 300 feet; exterior finish cement stucco; red tile roof; private baths; fresh and salt water plunges; refrigerator plant; electric equipment; solariums; dancing pavillion; convention hall; each floor to have 61 rooms with bath connection and storage closet; three passenger elevators; one freight elevator; two towers and water tanks for fire protection; bowling alleys; billiard rooms." If the Hanover is to be anything like the design furnished by the architects, it will not only "lay over" any resort hotel in the South, but will surpass many Northern hotels and be the equal of the best of them. Mr. C. E. Hooper, of the Buford Hotel, is to be in charge of the Hanover and there will be the desirable combination of fine building and fine man.

## BONILLA MAY RENEW FIGHT.

**Former President May Fit Out Expedition Against Honduras.**

New Orleans, Nov. 11.—Manual Bonilla, formerly president of Honduras, returned to New Orleans today for the first time since his departure from this port last July as the head of what proved to be an unsuccessful revolutionary expedition against the Honduran government.

General Lee Christmas, his former chief lieutenant, accompanied him. Bonilla and Christmas were expelled from Gautemala, where they were taken prisoners immediately following the collapse of their expedition against Honduras and President Cabrera, of Guatemala, ordered them put aboard a steamer at Porto Barrios early this week.

Both Bonilla and Christmas refused to discuss the political situation in Honduras and declined to be interviewed as to their future plans.

It is not doubted that Manuel Bonilla can get financial and moral backing in New Orleans for another expedition against Honduras if he decides to adopt this method of regaining the presidency of that country.

## LATEST FROM NEBRASKA.

**Republicans Have State Officers, Democrats the Legislature.**

Omaha, Neb., Nov. 11.—Almost complete returns from Tuesday's election in this city show that the Republican State ticket has been elected by pluralities ranging from 3,000 to 15,000. The latter figures represent the lead of Aldrich, Republican, for Governor, over Dahlman, Democrat. For United States Senator G. M. Hitchcock has won over Senator Burkett by about 20,000 majority.

The next Legislature according to unofficial returns will stand 19 Democrats and 14 Republicans in the Senate, 54 Democrats and 49 Republicans in the House.

The Democratic platform opposed county option while the Republican platform endorsed it.

It is claimed by advocates of the idea, that enough members of both houses are pledged to it to insure its adoption.

## SALOON ROBBERY.

**Pistol Battle Ensues and Five Are Wounded.**

Chicago, Nov. 11.—Five persons were shot, two of them probably fatally, in an attempt today to rob the saloon of Louis Belmont in the town of Cicero, near here.

Three bandits made the attempt at robbery and when the saloon keeper fired upon them a revolver battle began. One of the burglars was shot through the head and is not expected to recover.

Policeman John Kane, who ran to the aid of Belmont, was shot through the body five times and will probably die. Miss Millie Coller, a waitress, was hit by a bullet while in an adjoining room. Her nose was shot off.

Belmont was hit by two bullets but his wounds are not fatal. Fred Cobb, a patron of the place, was shot and injured.

## TRIAL OF MRS. MARTIN.

**Await Additional Testimony In Bathtub Mystery Hearing.**

Newark, N. J., Nov. 11.—Further hearing in the case of Mrs. Caroline B. Martin, under indictment for the alleged murder of Ocey W. M. Sneed at East Orange, went over today until next Wednesday so as to permit the taking of testimony of a witness living outside of the city. A commission was appointed to take the peposition of Mrs. A. S. Glasscock, of Mount Carmel, Ky., who was a teacher at Soule College, Murfreesboro, N. C., in 1902, when the Wardlaw sisters, were conducting the college. The present inquiry is to determine the mental condition of Mrs. Martin.

## HUSBAND SILENCED HER.

**Emulation of the West Point Cadet Causes Suit for Divorce.**

Atlanta, Nov. 11.—Charging that her husband, Thomas L. St. Clair, "silenced" her at West Point and for a whole month at a time Mrs. Ida B. St. Clair asked the court yesterday to legally dissolve the marriage ties. She alleges that the "silence" was harassing and humiliating.

**A Real Remedy**

**FOR COLDS, GRIPP, FEVERISHNESS AND ACHING.**

**Hicks' Capudine** will do the work as nothing else will. It quickly banishes the aching and feverishness and restores normal conditions.

**Capudine** also cures Headaches of all kinds, including sick or nervous headaches, and headaches caused by heat, cold, gripp or stomach disorders.

**Capudine** is liquid—easy and pleasant to take—acts immediately. 10c., 25c. and 50c. at drug stores.

## A. C. L. IMPROVEMENTS.

**Much Work Going on and Now Being Completed.**

Petersburg, Va., Nov. 11.—The Index-Appeal in a local story today, says:

"The enormous value of improvements being made by the Atlantic Coast Line may be regarded not only as evidence of the prosperity of an individual road, but as an indication of prosperous conditions throughout the South. An official of the Coast Line says that the company will put in service immediately double track from Callahan to Folkston, Ga., 23 miles, thus completing double track between the latter point and Jacksonville, Fla., 42 miles. Together with 12 miles of second track between Florence and Pee Dee, S. C., and 19 miles from Ashby Junction to Mount Holly, S. C., this will give the company about 272 miles of double track between Washington, D. C., and Jacksonville, or a little more than one-third of the distance.

"The new steel and concrete viaducts over the Pee Dee and the Santee in South Carolina have been completed, and that over the Savannah river is to be finished this month. Contracts are also being let to replace the wooden trestles over the Altamaha river, Georgia, with a concrete and steel viaduct.

The company has also relaid 165 miles of track with 85-pound steel rails during the year and will continue this kind of track improvement in the coming year for which contracts have been let. Automatic signals are being installed at various points. The new Waycross passenger station is to be placed in use January 1st.

"The extensive improvement of the Wadesboro branch in North Carolina, to be finished next month, is one of the most notable pieces of reconstruction undertaken. Grades have been cut down, curves taken out, heavy rails laid and the entire line raised to a higher standard. It will be used in connection with the Winston-Salem Southbound railroad, which the Coast Line and the Norfolk & Western railway are completing through North Carolina."

## CATHOLICS IN NEW ORLEANS.

**Distinguished Prelates and Dignitaries of Church In Session.**

New Orleans, Nov. 11.—Many prelates and other dignitaries of the Roman Catholic Church arrived here today to attend the annual meeting of the National Federation of Catholic Societies, which opens Sunday. Monsignor Falconio, papal delegates, will arrive tomorrow.

A feature of the programme Sunday will be a procession of the delegates and prelates from the Cabildo to the Cathedral, escorted by uniformed bodies of the Knights of Columbus.

## AVIATION MEET NOT SUCCESS.

**When Accounts Are Paid Promoters Will Have Only Few Dollars.**

New York, Nov. 11.—The management of the Belmont Park international aviation meet, which has been devoting the past ten days to adjusting the accounts and claims of various creditors, announces that when all are paid, there will be a profit of only a few dollars left for those who financed the enterprise.

The prize money won by the aviators will be paid on November 20, at the expiration of the period required under the rules of the international aeronautic federation for the filing of protests.

## ACCOUNTING OFFICERS MEET.

**Practically Every Railroad in the South is Represented.**

New Orleans, Nov. 11.—The Southern accounting officers are in annual conference here, with practically every railroad in the South represented.

**CAN'T BE SEPARATED**

**Some Wilmington People have Learned How to Get Rid of Both.**

Backache and kidney ache are twin brothers.

You can't separate them.

And you can't get rid of the backache until you cure the kidney ache.

If the kidneys are well and strong, the rest of the system is pretty sure to be in vigorous health.

Doan's Kidney Pills make strong, healthy kidneys.

James Hansley, 309 N. Fifth St., Wilmington, N. C., says:

"For some time my back and kidneys troubled me, no doubt due to constant standing. I had dull, nagging backaches and a sharp pain across my loins. I could not stoop or lift without having twinges throughout my body. The kidney secretions contained sediment and were too frequent in passage. When I learned of Doan's Kidney Pills, I procured a box from Robert R. Bellamy's Drug Store and used them as directed. In a few days the backache and other annoyances ceased and have not returned since. I give this testimonial in the hope that some other sufferer from kidney trouble will be benefitted thereby."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

**The Girl Who Lives Alone**

whether she attends college or goes to business, needs the Perfection Oil Heater. It will heat a cold, cheerless boarding house or dormitory room and make it livable. It is always a ready help in the many things women do for themselves in their rooms. With the damper top opened it will heat water for tea or cocoa; it will dry the small articles that a woman prefers to wash herself in her own room. It will quickly heat an iron or curling tongs; quickly dry wet shoes or skirts—an ever ready help for the woman who lives alone, dependent on her own resources. The

PERFECTION SMOKELESS OIL HEATER

*Absolutely smokeless and odorless*

is invaluable in its capacity of quickly giving heat. It will burn nine hours with one filling. It is safe, smokeless and odorless; has a cool handle and a damper top.

An indicator shows the amount of oil in the font. The filler-cap is put in like a cork in a bottle, and is attached to the font by a chain. It has an **automatic-locking flame spreader,** which prevents the wick from being turned high enough to smoke, and is easy to remove and drop back so the wick can be quickly cleaned.

The burner body or gallery cannot become wedged, and can be unscrewed in an instant for rewicking. Finished in japan or nickel, strong, durable, well-made, built for service, and yet light and ornamental.

"THE DISTINCTIVELY SUPERIOR WINE"

¶ To the person who appreciates the flavor and bouquet in wine, this special brand appeals—its discovery by those to whom, for the first time it is offered, is a grateful revelation.

¶ The grape from which it is made is peculiarly a local product and imitators both in this country and abroad have utterly failed to produce its equal.

¶ Every sip suggests the richly mellow flavor of the freshly picked grape—its fragrance is charming. Its delicacy is its crowning appeal.

¶ *An initial order will prove convincing.* We will prepay the express charges anywhere East of the Mississippi—on a case containing 12 bottles (5s) for $7.00. Order direct from the makers, and save four profits.

¶ Remit by P. O. or Express Money Order or Draft. Booklet containing Price List and many helpful hints on selecting and serving wine, sent on request.

¶ All of our products guaranteed under National Pure Food Laws.

**PURE CRYSTAL ICE.**

Our process of ice making is sanitary in every particular and has stood the test of time. Only pure artesian water used, from a well one hundred and fifty feet deep, to produce live steam, afterwards condensed and frozen in clean moulds of uniform size, producing ice at a temperature suitable for all domestic and refrigerating purposes. Such ice is economical on account of no tendency to "flake" or break up when used and thus great loss is prevented.

Ice must melt to refrigerate and ours lasts longer in melting than any made.

Let us obviate your ice troubles. Quick service, Quality and Quantity assured.

Prices same as have been:

## TRINITY COLLEGE NOTES.

**Fine Spirit of Student Body Shown—Other Campus Notes.**

(Special Star Correspondence.)

Trinity College, Durham, N. C., Nov. 11.—One of the finest incidents of inauguration day was the fine spirit shown by the students. Determined to prove their loyalty to the new president they planned something all for themselves. At about eleven o'clock Wednesday night two hundred or more students, each one armed with a shing torch, started out on a rompage over the city.

One of the places visited was the home of Bishop Kilgo at the west end of the campus. Amid a clamor of college and class yells the bishop came out and made a speech for the boys.

President Few was stopped in an automobile in the middle of the street on his way back from the reception at the home of Mr. B. N. Duke, and was asked for a speech. He told the boys many nice things and that he was glad to see so much college spirit among them.

Two debates for this year are practically assured. As was announced sometime ago, the debate council has arranged for a series of debates with Swarthmore College of Pennsylvania. The first debate will come off here on February 25. Trinity has yet to complete a series with the University of the South at Sewanee, Tenn., from whom she has already won one debate. The next will probably be held here soon after Thanksgiving.

The Classical Club held its meeting last week. A paper was read by Mr F. S. Bennett, on "The Mural Paintings of Pompeii" and after the paper there was a free discussion of the paper in which many side-lights were brought out.

The regular meeting of the Fortnightly Club was held last Friday evening. Six new men were admitted, and the club decided to set apart a certain amount of money this year for the purpose of purchasing new books to be read by the members, and which at the end of the year are to be presented to the Library. After the business of the evening was transacted the Club adjourned and enjoyed an informal smoker.

## THE OUTLOOK FOR TRADE.

**Reports More Favorable Since Election—Review of Conditions.**

New York, Noc. 11.—Bradstreet's tomorrow will say: Trade reports as a whole are more uniformly favorable than for some time past. Distribution at retail has quite generally improved, largely because of colder weather and the realization of bumper corn and oat crops, though some parts of the Southwest and the South report that open weather has deterred improved. However, the much better business done in retail lines, has in turn resulted in a larger volume of jobbing re-orders, particularly for seasonable dry goods, boots and shoes, and women's wearing apparel. Quiet stil continues in the textile trades, and while the undercurrent is conservatively cheerful, there is no anticipation of future business in large volume. Holiday goods are being shipped in larger volume, and traveling men are sending in comparatively better orders for Spring goods. The large crops that have been harvested are taken to augur lower prices for food stuffs, but this is not looked for immediately and some products, notably eggs and butter, are very high. Collections have improved, especially in surplus crop-producing territory, but payments are not yet all that they should be. Industrial operations show a little betterment, some textile mills have resumed, but affairs in the iron and steel trade have not assumed such shape as to allow of clear predictions regarding future prospects.

## BURGLARY AT WADESBORO.

**Residence Just Outside Corporate Limits Was Entered.**

(Special Star Correspondence.)

Wadesboro, N. C., Nov. 11.—The residence of Mr. E. S. Marsh who lives just outside the corporate limits of Wadesboro was burglarized Wednesday night about 2 o'clock. The burglar entered the house through the parlor window and, it is supposed first went to the room in which Mr Marsh and his sons were sleeping, where he rifled the pockets of Mr. Otho Marsh, securing about $2.50 in money. The thief then went to the room occupied by Mrs. Marsh and her little daughter. Mrs. Marsh was sleeping lightly, and hearing a noise in the room, called out, thinking it was one of the children. Receiving no reply, she called Mr. Marsh, but before he could reach her room the burglar rushed out and made his escape by way of the window through which he entered the house. There is no clue to the identity of the burglar.

## LIVING AT HIGH TENSION.

To overdo in order to keep up with the parade is the tendency of the age.

Living at such a high tension, is it any wonder that our nerve sanitariums and rest cures are filled with nervous, overworked, broken down men and women?

When one begins to get into this condition, there is only one cure—a complete rest, together with a wholesome diet and a good blood-making tonic and strength creator. There is nothing in this line that can possibly excel the medicinal elements of the cod's liver combined with tonic iron. This simple combination is found in Vinol. It contains no oil or grease and agrees with everyone.

A well known college professor states that he considers Vinol a truly wonderful tonic and strength creator. He was himself overworked and run down to a critical point. A friend asked him to try Vinol. He did so, and is now enjoying perfect health, and its curative powers cannot be too strongly extolled.

We recommend Vinol to build up and strengthen the run-down and over-worked, weak women, old people, delicate children and convalescents. In case anyone is not satisfied after taking one bottle, we always refund their money. This does not happen, often, however, because Vinol's percentage of cures is very high. Robt. R. Bellamy, Druggist, Wilmington, N. C.

Read Star Business Locals.

## ROCKY MOUNT Y. M. C. A.

**Fund or $5,000 for Furnishing Building All in Hand.**

(Special Star Correspondence.)

Rocky Mount, N. C., Nov. 11.—"Five thousand dollars has been raised" was the glad report received by many interested citizens anxiously awaiting the outcome of the meeting of the fund raising committee for the Y. M. C. A. for this city. Twelve men under the able leadership of Col. Luther F. Tillery, cashier of the Bank of Rocky Mount, have worked like Trojans and without even the suggestion or the guiding hand of a Y. M. C. A. official, which are usually supplied by the National Association, they have gone at the job, raised the $5,000 to furnish the building that is to be given by the railroad company, and to Col. Tillery and his committee, "Hats are off today." Five thousand dollars is not an easy amount to raise in a community of salaried citizens, who are not all paid flattering amounts, and where there are few $100 subscriptions. When Mr. S. L. Thomas, secretary of the Richmond Y. M. C. A., and the man who was to have been sent here to put through the fund raising campaign, was notified by Mr. Tillery that the $5,000 was already in hand, he replied, "You are the first man that ever took that job away from me."

## FISH LEGISLATION.

**Committee Completes Its Work for General Assembly's Action.**

(Special Star Telegram.)

Raleigh, N. C., Nov. 11.—The Legislative Fish Committee completed today the bill it will recommend to the Legislature for enactment but will not make it public. However, it can be stated positively that it will include a fish commissioner and a fish commission to be appointed by the Governor with terms of office of sufficint length for the commissioner and the commission under whose direction he will work to inaugurate policies and prove their effect. The proposed permanent commission is to regulate the local "problems" that develop all along the coast and among the sound and river fisheries, supervision and regulation of the fish and the shell fish industries to be combined instead of having separate departments as in the past.

## FIVE DEAD IN MINE.

**Death Toll of Explosion in Illinois—18 Were Injured.**

Hillsboro, Il., Nov. 11.—Five men are dead and 18 injured as the result of an explosion today in a coal mine at Panama, Ill. Four men were killed outright and the fifth died from injuries later. Rassel Romanio, a miner, is still in the shaft.

Gas, which had accumulated over night in a pocket, several hundred feet from the mouth of the shaft, exploded, tearing out the timbers and shaking the earth for miles around. No serious fire followed.

The men who escaped death were injured by falling slate and flames from the explosion.

About 300 men were at work in and about the mine at the time, most of them being outside, and away from danger. Fifty men in the entry of the shaft were rescued by the other miners.

## BIG HORSE SHOW BEGINS.

**National Event at Madison Quare Garden.—Features.**

New York, Nov. 11.—A fanfare of trumpets will open, at 2 o'clock tomorrow afternoon, the 26th National Horse Show at Madison Square Garden. Some 1,700 entries, more by 200 han the best previous record, will compete for $40,000 in cash prizes and several thousand dollars' worth of trophies. The International military and jumping contests have brought crack riders from France, England, Canada, the Netherlands, an done from Norway to compete against American officers trained at West Point.

The "bargain hunter" is no longer the woman who merely haunts the stores. She is the woman who watches the ads and goes to the stores strictly on business.

# SEARCHED FAR AND WIDE

**Noted Invalid, Now in Lykins, Ky., Says That She is in Better Health Than Ever Before.**

Lykins, Ky.—"I have traveled far," writes Mrs. Martha Dingus, from this place, "in search of health. I doctored a great deal with a great many different doctors, but with little result.

I have been a noted invalid for 20 years, for I had nearly every disease that my sex is heir to. But since using Cardui, I have been steadily improving. Though now 46 years old, I am in better health than I have been in 20 years.

I give Cardui the credit for it, and feel it my duty to inform you what Cardui has done for me."

The reason why Cardui is so exceptionally successful in relieving women's troubles, after other treatments fail, is that it is a woman's tonic—a strengthening remedy for women, made especially for women, from ingredients that act specifically on the womanly organs, and help nature to build up the womanly constitution. Not a strong, mineral mixture, but a mild, vegetable remedy, that cannot harm either young or old.

Your druggist will tell you that Cardui is just the remedy that you should try.

Will you do so?

## TROUT FISHING AT SEA.

**Great Success Off Cape Fear Bar—Phenomenal Catches Made.**

(Southport Herald, 10th.)

Yesterday was a great day for fishing for trout at sea, just outside the river. The weather was ideal and some very fine catches were made.

In one boat were Dr. Tupper, Dr. Bryan, Mr. Fulbright and Miss Kate Stuart, and they were successful in bringing in 250 or 300 pounds.

In another boat were Dr. Haight, Dr. Doscher and Messrs. O'Hagan, Loughin, Richard Pullan and A. J. Robbins. This with over 1,200 pounds.

It is also learned that Mr. R. W. Davis, Sr., made the largest catch this week that has been made in these parts. With a party of only four he returned with 1,412 pounds of trout for a tides fishing.

**Shall Women Vote?**

If they did, millions would vote Dr. King's New Life Pills the true remedy for women. For banishing dull, fagged feelings, backache or headache, constipation, dispelling colds, imparting appetite and toning up the system, they're unequalled. Easy, safe, sure. 25c at Robert R. Bellamy's.

THE MORNING STAR

Published by the WILMINGTON STAR COMPANY (Inc.) Wilmington, N. C.

Entered as second-class matter at the postoffice at Wilmington, N. C., under act of Congress, March 2nd 1874.

FULL ASSOCIATED PRESS REPORT.

PUBLISHERS' ANNOUNCEMENT.

THE MORNING STAR, the oldest daily newspaper in North Carolina, is published daily except Monday, at $6 per year, $3 for six months, $1.50 for three months, 50 cents for one month, served by carrier in the city or by mail.

THE SUNDAY STAR, by mail, one year, $1; six months, 50 cents; three months, 25 cents.

ADVERTISING RATES may be had on application and advertisers may feel assured that through the columns of this paper they may reach all Wilmington, Eastern Carolina and contiguous territory in South Carolina.

Obituary sketches, cards or thanks, communications espousing the cause of a private enterprise or a political candidate, and like matter, will be charged at the rate of 10 cents per line, or if paid cash in advance, a half rate will be allowed. Announcements of fairs, festivals, balls, hops, picnics, society meetings, political meetings, etc., will be charged under same conditions except so much thereof as may be of news value to readers of the paper.

Advertisements discontinued before expiration of contracts are charged transient rates for time actually published. Payment for transient advertisements must be cash in advance. Contract advertisers will not be allowed to exceed their space at same rates or advertise anything foreign to their regular business without extra charge. Advertisements to occupy special place will be charged for according to position desired.

TELEPHONES: Business Office No. 51; Editorial and Local rooms No. 61. Call whether if the other doesn't answer.

COMMUNICATIONS, unless they contain important news or discuss briefly and properly subjects of real interest, are not wanted; and if acceptable in every other way, they will be invariably rejected unless the real name of the author accompanies the same, not necessarily for publication but as a guarantee of good faith.

Saturday, November 12, 1910.

Atlanta is looking forward to the establishment of all-night trolley service. The city council has been asked for authority for it and no doubt it will be granted. After midnight the cars will run every half hour or every hour, as the circumstances warrant.

Probably Roosevelt now has reason to know the country didn't like all the noise he made. He was mistaken in beating the tomtoms under the delusion that it would either detract attention from tariff revision or induce the crowd to jump on his 1912 bandwagon.

It's all over now, so the Ballinger committee and the other committees which were afraid to report before the election can now report whenever they please. The people made up thir minds and acted while the committees were acting directly for political reasons.

Roosevelt thrust his new nationalism and himself into the campaign when President Taft was endeavoring to secure endorsement of his administration. It was unfair to Taft and he had to suffer because of the meddlesome Teddy. Save us from friends who rock the boat.

Ex-President Roosevelt and Vice President Sherman were both repudiated finally, along with others. We fear, however, there will be a lack of harmony in the ranks if those who have been repudiated were to get together for the purpose of organizing a Down and Out Club.

Vice President Sherman came down to North Carolina and patronizingly pitied Southerners for not knowing what they were doing when they voted the Democratic ticket. His own State and his own Congressional district went Democratic. This shows how little Sherman knows about it.

Uncle Joe has been re-elected by his Illinois district but Champ Clark will be the Democratic Speaker of the next House of Representatives. The Republican caucus may or may not nominate Uncle Joe for Speaker, as a compliment, but if we were Uncle Joe we would decline in advance to even take chances on that.

The Durham Sun remarks: "We printed the picture of the next Speaker of the North Carolina House of Representatives yesterday. It took well." The Sun's picture was a good imitation of the physiognomy of General Julian S. Carr and if he takes a notion to be Speaker, some other aspiring gentlemen's chances for the speakership will not be so good.

Says a contemporary: "Roosevelt still refuses to say anything about the results of the election." His refusal to talk is the first evidence we have seen of his regard for the proprieties, for anything that he could say under the circumstances would violate the "old moralities." In fact, if he were to blurt out what he thinks it would prove that he is not the Sunday School scholar he would have us believe.

The Greensboro News (Rep.) referring to the Democratic landslide, remarks that "spot cotton immediately took a tumble." The News should also make note of the fact that just two days after the election the Agricultural Department announced the greatest harvest in the history of the United States. While the News is trying to saddle all the bad things of Republicanism on the Democrats the Democrats can as consistently claim all the good things lying around loose.

## SOUTHERN HEROINES.

Some time since, a movement was set on foot by the United Confederate Veterans' Associaton to erect a monument to the Women of the Confederacy. The country never more heartily welcomed a proposition and when the undertaking assumes a more definite shape it will meet with the most reverential enthusiasm. No movement was ever more deserved than a suitable memorial to the heroines of the Civil War—the Southern women who sent their fathers, husbands and sons to the war and remained at their homes to heoricaily face the trials and vicissitudes imposed upon them by war. What terrible sacrifices Southern women made during the four years struggle which called for the best manhood of the Southland! It was the women who had to sacrifice their loved ones on the altar of their country but they had brave hearts and amidst dread alarms, anxiety, anguish and suffering, they bravely bore the consequences of the titanic struggle.

No country on the face of the earth ever had a womanhood so glorious. Their patriotism, loyalty and devotion was sublime. They faced dangers with stout hearts. They went through trials and hardships without a murmur. They risked desolation and famine. They were ministering angles to the sick and the wounded, and the badge of mourning they wore for fathers, husband and sons who fell on the bloody fields of battle was the crowning glory of their fortitude and devotion. It is fitting, therefore, that the grandest monument beneath Southern skies be reared to the heroines of the strife.

The sentiment concerning the erection of a monument to Confederate women in unanimous but there was quite naturally some disagreement concerning the design of the memorial to be erected. At last, however, the design of the memorial has been selected. It is the design of Miss Belle Kinney and it is in the nature of life size statuary consisting of a groupe of three figures—the Goddess of Fame, a Southern Woman of the War Time, and a Dying Confederate Soldier. The following is a brief description of Miss Kinney's design:

"'Fame' is the central figure. On her left is the dying Confederate soldier, with the flag dropped by his side, thus typifying the Confederacy, whom famé grasps and supports. On her right is the 'Confederate Woman,' who shows her love for and appreciation of the Confederacy by laying on the soldier the palm of victory. While she is doing this—unconsciously to her—Fame is crowning her for her devotion and loyalty. All the many kinds of loving service are thus typified in this simple act of tribute to the Confederacy. The thousand ways which the noble women aided the Confederacy, or even the more prominent ones, could not otherwise be exemplified in a single idea."

We have no doubt the monument to our war heroines will be a fitting tribute of the admiration and love of of Southern people and that the entire South will join loyally and liberally in the movement to rear the monument. However grand and imposing that monument is to be it would not then be typical of the grandeur displayed in the character and aeroism of the Southern women who really bore the brunt of the battles fought during the Civil War. The New Orleans Picayune gracefully and fittingly expresses that sentiment in a reply which it made to Gen. Irvine Walker, of South Carolina, and Miss Kinney, when they remonstrated with the Picayune for criticisms it had made concerning the monument and the plans for its erection. Says our esteemed New Orleans contemporary.

"It is not surprising to the Picayune that there should be different and divergent ideas of what sort of monument should be erected to the Southern women of the sectional wartime. If it were built of gold and precious stones it would not adequately represent all that was true and beautiful and good and grand and holy for which they stood, and, therefore, whatever shall be done monumentally in their honor will fall far short of their deserts."

The Star fully agrees with the Charlotte Evening Chronicle that "these sentiments will be echoed all over the South." Indeed, no memorial however artistic in design, however deftly chiseled and however beautiful and costly may be its material, will truly represent the sublimity of Confederate womanhood.

The probability is that egotism at Oyster Bay is calmly reflecting upon its follies.

There was really no reasonable excuse for voting the Republican ticket. That was the cause of the political hurricane.

Says the Durham Herald: "Fact of the matter is that both parties were surprised at the result." Nevertheless, the election was disappointing. It should have been unanimous in North Carolina.

An Anson county farmer's cow swallowed his watch and he claimed that he could hear it tick by placing his ear on the cow's side. How does he know but what it was the cattle tick he heard?

## CAMPAIGN HONORS.

The tremendous victory achieved by the Democracy in North Carolina is a matter of the supremest satisfaction to North Carolinians who are devoted to the best traditions of their State and who are interested in her moral and educational welfare and material and industrial progress. We cannot too highly appreciate the great results achieved at the polls in this State on election day. It means perpetuation of all that is glorious in the past history of North Carolina and is a guarantee of the safety, the happiness and progress of the State in the future. The significance of the great Democratic victory in the Tar Heel State is that the destinies of the Commonwealth continue in the hands of those of her sons most truly devoted to her best interests and traditions.

While we are rejoicing over the momentous verdict rendered at the polls as a deliberate expression of the will of the people and indicating their emphatic endorsement of Democratic administrations in North Carolina, let us not forget to give credit to those who fought the good fight and are largely responsible for victory. State Democratic Chairman A. H. Eller, Editor R. F. Beasley, of the Monroe Journal, who was the literary propagandist at Democratic headquarters, and their assistants in carrying out the plans and doing the executive work of the party during the campaign, are entitled to the lasting obligation and hearty congratulations of the people of the State. The State Chairman and his staff did a magnificent work and their management of the campaign was marked with conspicuous ability and pronounced effectiveness. Of course, all the able and vigorous campaigners are entitled to their great share in the glorious work, and it is exceedingly fortunate for the State that her best talent and ablest men could be requisitioned for the work of assuring the State's political salvation. Here's to every man who did his part and to the voters who dropped in the ballots that saved North Carolina.

## EGYPTIAN AND MEXICAN COTTON.

The announcement that this season's cotton crop in Egypt will be a large one need not alarm the South. That means simply that it will be large in comparison with former Egyptian crops.

United States Consul D. R. Brich, at Alexandria, Egypt, informs the government at Washington that the Egyptian crop this year will approximate 700,000,000 pounds or 1,400,000 bales weighing 500 pounds. Previous reports were to the effect that the crop would be 650,000,000 pounds, but the crop turned out better than expected. The Egyptian yield last year was 1,000,000 bales, or 500,000,000 pounds.

The Washington government is informed that the cotton crop of the Laguna district in Mexico shows a large decrease. It will be only 80,000 bales this year, compared with 300,000 bales last year.

The question of cotton production is still agitating Great Britain, France and Germany, and it is understood that active steps are to be continued towards encouraging the production of cotton in the African colonies of those countries. However, the success so far has not endangered the supremacy of the South as the world's cotton producing region.

All the good Republicans should cheer up and come on over and enjoy it with us. Good blessings are intended for all.

No doubt Vice President Sherman is glad Col. Roosevelt relieved him from acting as one of the "Old Guard" over the remains of the G. O. P. since it was "beaten to a frazzle."

## CURRENT COMMENT.

While Sampson has gone Republican by an increased majority (thought to be about 1,200 at this writing, Wednesday afternoon) we have an abundance of good news from over the State and over the Nation to make us rejoice.—Sampson Democrat.

They do say that for once the Hon. A. E. Holton lost his tongue the other night when the returns were being received at Republican headquarters. Some were "cussin'" but Holton could not be induced to say a word. Chairman Morehead was likewise mum. Those who did talk were trying to tell how it happened, but it did not appeal to Morehead or to Holton.—Greensboro Record.

The uncomplimentary remark in the Lumberton correspondence to the Wilmington Star last Sunday, regarding an editorial in The Sun last week, is nothing more than might be expected, coming from the source it does. The writer of those items is pretty good at getting up news of a local nature, but when he gets off on political gossip he is sometimes badly wrong. We would give any one a year's subscription to prove to us whether he is Democrat or Republican or neither.—Rowland (N. C.) Sun.

The Telegram most sincerely congratulates Major Charles M. Stedman, the successful candidate for Congress, and his campaign manager, Mr. A. W. Cooke. Both did excellent and telling work, Major Stedman making a stirring canvass and Mr. Cooke filling with singular effectiveness the position of chairman of the district executive committee. "Congressman Stedman" is going to sound mighty good and all the more so because in honoring Major Stedman the district has honored the Confederate soldier.—Greensboro Telegram.

In St. Paul the "city beautiful" idea has taken a strong hold. A system of street lighting similar to that of Savannah has been established in the "down town" district. To further enhance the attractiveness of the "down town" district the authorities have ordered that all barber poles and other curb-line signs and obstructions be removed immediately. The city authorities take the position that the sidewalks belong to the people, not to the owners of abutting property, and that the people have a right to clear, open and free sidewalks.—Savannah News.

A novelty of the recently passed election night was the opening in Pittsburg and Chicago of several churches for the receipt of election return bulletins. The pastors of the chhrches reached the conclusion that it would be much better for men to hear the bulletins in church buildings than to wait for them on the streets or hear them in pool rooms and saloons. Of late years many drinking places make a specialty of receiving and announcing bulletins of important news, and the feature serves to attract and hold crowds for them. Whatever a church can do to bring itself in closer touch with the masses is a step in the right direction.—Savannah News.

We know of one man in the State to whom Tuesday's election brought particular joy—Judge Risden Tyler Bennett, of Wadesboro. Nothing could have pleased him better than the final success of his comrade, Maj. Charles M. Stedman. These two—Bennett and Stedman—are contemporary. They represent the best of the crucial days of the South—days when this section needed strong men and when they were among the strongest that the times developed. It will be a happiness to Judge Bennett that he has lived to see a long-deferred reward bestowed on Major Stedman, and right here three glasses will be tipped together in North Carolina's toast to chivalry and courage—to a righteous act at last.—Charlotte Chronicle.

While most of us have had all we could do in the political line at home, still the people have no doubt been struck with the ability and originality of Dix, the Democrat elected governor of New York. Practically unknown away from home, he waded in and his speeches showed originality and a wide range of thought. He discovery reminds us of the man Cleveland found and brought to the front. Woodrow Wilson also made a national reputation in his canvass of New Jersey. It was a great victory and could not have been won except by a man of brains and resources. It is said of him that he had no notes and never made the same speech twice, thus working the stenographers to the limit. Generally they are able to save parts of many speeches to be used again the next day, but Wilson never repeated.—Greensboro Record.

## CORRESPONDENTS TO MEET

### Band of Bright Young Folks at Chadbourn—New Cement.

(Special Star Corespondence.)

Whiteville, N. C., Nov. 9.—The News-Reporter's Correspondents' Association is holding its regular meeting today at Chadbourn. Several addresses were made and the members of the Association read papers on different subjects connected with journalism, promoting the good of the county, and how to make farm life more pleasant.

It was resolved to next spring hold their big annual gathering at some town in the county, to be named by a committee, when an exhibit of farm produce, live stock, poultry and the handiwork of ladies will be exhibited. A splendid programme will be arranged and distinguished speakers from a distance invited. It was decided to also make that occasion a home-coming week, and all citizens of Columbus county who have moved away will be urged to return on that day and meet their old friends. This gathering of the correspondents may hold two days. They number 132, and are composed of the brightest young boys and girls in Columbus and adjacent and neighboring counties, as also in Eastern South Carolina.

Col. G. Herbert Smith, of Cronly, while in Whiteville the other day, in discussing the many undeveloped resources of this section, told of a successful experiment by him to make a cement equal to the best Portland, from the blue marl, so abundantly found on the Cape Fear river, together with the lime rock which comprises the banks of their branches near where they unite at Wilmington. Mr. Smith says the Acme Fertilizer Co. spent $1,000 in this experiment, and by blending the two they made as fine cement as could be had in the country, and fully equal to the Portland. He says these two materials are found in inexhaustible quantities close together, and can be brought one to the other by boats, and on which they can be loaded direct from the mines. There is a fortune, he thinks, in store for some enterprising company that will go into the cement business near Wilmington. That blue marl, mixed with lime, the rock for which borders the river near Wilmington, makes as fine cement as can be found in the world.

### Not Sorry for Blunder.

"If my friends nadn't blundered in thinking I was a doomed victim of consumption, I might not be alive now," writes D. T. Sanders, of Harrodsburg, Ky., "but for years they saw every attempt to cure a lung-racking cough fail. At last I tried Dr. King's New Discovery. The effect was wonderful. It soon stopped the cough and I am now in better health than I have had for years. This wonderful life-saver is an unrivaled remedy for coughs, colds, lagrippe, asthma, croup, hemorrhages, whooping cough or weak lungs. 50c $1.00. Trial bottle free. Guaranteed by Robert R. Bellamy.

## THANKSGIVING GAME.

### Entire Student Body to Attend at Norfolk—V. P. I.

(Special Star Correspondence.)

West Raleigh, N. C., Nov. 11.—Great preparations are being made by the management of the football team of A. & M. for the Thanksgiving game in Norfolk with V. P. I. Arrangements are being made to carry the whole student body to Norfolk to witness the game on special trains over the Norfolk Southern and Seaboard Air Line leaving Raleigh early Thanksgiving morning.

Parties are now being made up in Raleigh and in a great many of the towns and cities of the State, to attend the great Thanksgiving game. Special trains will be run by both the Norfolk & Southern and the Seaboard Air Line to accommodate the large crowds that have already signified their intention of going to the A. & M.-V. P. I. game.

Never before has so much interest been manifested in the annual Thanksgiving game as is being shown this year.

Both teams have made splendid records so far this season and a gridiron contest such as has never been witnessed in the South before is in store for those who journey to Norfolk Thanksgiving to see the flower of the manhood of North Carolina contest with the flower of the manhood of the Old Dominion for the football championship of the South.

## A DISTINGUISHED VISITOR.

### Managing Director, Southern Commercial Congress, At Southport.

(Southport Herald.)

At the instance of our twonsman, M.r R. C. Cool, Mr. Grosvenor Dawe, Managing Director of the Southern Commercial Congress, of Washington, D. C., spent several days in our town the past week.

Mr. Dawe was here on a few days vacation, and in the meantime was looking into the great commercial possibilities of Southport. He was much impressed with this point, and it is to be hoped that good results may follow the trip to Southport by Mr. Dawe.

During his stay here he was a guest of Mr. and Mrs. Cool.

# SPECIAL FIRE INSPECTION

**Buildings in Downtown District Being Examined for Compliance With Law—Re-rating of Insurance Early Next Year.**

In view of the fact that the city is soon to be re-rated for insurance under the direction of the Southeastern Tariff Association and that complaint has been made to the Chief of the Fire Department by a member of the Local Board of Fire Underwriters that he is "satisfied that the proper system of inspecting buildings is not maintained as it should be with special reference to trash, debris and general untidiness of buildings," Chief Chas. Schnibben, of the Department, this week began a thorough inspection of all buildings in the fire limits with a view of correcting the defects complained of and bringing the inspection to that stage of perfection which will ensure for the city the lowest rate of insurance when the re-rating is undertaken.

This inspection now in progress is in addition to the regular quarterly inspections required to be made by the Building Inspector of the city under the State Fire Waste Law and Chief Schnibben has on the work besides himself, Assistant Chief W. P. Monroe, Electrician John T. Yates and Foreman Louis Freimuth. The work will require several days and Chief Schnibben is determined to have it as thorough as it is possible to make it. The fire limits of the city include all that area east of the Cape Fear river beginning at foot of Red Cross street, to Front, up Front to Chestnut, up Chestnut to Second, up Second to Princess, up Princess to Third and up Third to Market street, down Market to Second and down Second to Orange, thence to Front and down Front to Ann and to the river.

This inspection is very vital to the business interests of the city and it is hoped that Chief Schnibben will receive the fullest co-operation of the public. Copies of the fire inspection law may be had by applying to Chief Schnibben. That section which refers to unsafe buildings being allowed to stand is as follows:

"If the owner of any building which has been condemned as unsafe and dangerous by any local inspector, after being notified by the inspector in writing of the unsafe and dangerous character of such building, shall permit the same to stand or continue in that condition, he shall forfeit and pay a fine of not less than ten nor more than fifty dollars for each day such building continues after such notice. This section shall not apply to towns and cities exempt from the law governing the inspection of buildings."

## FOR DRAINAGE CONVENTION.

**Committees Perfecting Arrangements —Ask for Cutter for River Trip.**

Various maters pertaining to receiving and entertaining the delegates to the North Carolina Drainage Convention, which meets here this month, were discussed by committees at the Chamber of Commerce yesterday at noon.

At the instance of the committee, Mr. B. F. Keith was instructed to forward telegrams to Mr. J. A. Brown, of Chadbourn, president of the Association and Dr. Joseph Hyde Pratt, the secretary, informing them of the arrangements made by committees in the approaching convention and asking about how many delegates were expected to attend from throughout the State. Mr. Keith has asked the Treasury Department for the revenue cutter Seminole to carry the drainage delegates on a river trip down the Cape Fear during their meeting here. A most interesting programme, parts of which have been given from time to time in The Star has been printed and is being sent out to delegates. The committees request that not only those who are members of the Association attend, but persons from all parts of the State, who are interested in drainage. Mr. J. A. Taylor, president of the Chamber of Commerce, and chairman of one of the committees was one of the speakers at the meeting yesterday.

The committees note with pleasure that Dr. John M. Faison, congressman -elect from the Third district, has consented to be present at the convention.

## SUNDAY SERVICES.

**Announcement by Wilmington Pastors For Services Tomorrow.**

Immanuel Presbyterian—Preaching at 11 A. M. and 7:45 P. M. by the pastor, Rev. J. S. Crowley. Sunday School at 3:30 P. M.

Religious services will be conducted at the Seaman's Bethel tomorrow afternoon, at 3 o'clock, by Rev. T. A. Smoot. Seamen and rivermen are especially invited. All are welcome.

First Presbyterian Church, corner Third and Orange streets, Rev. J. M. Wells, D. D., pastor. Services tomorrow, Sunday at 11 A. M., and 8:00 P. M. Prayer-meeting at 10:30 preparatory to communion at the 11:00 service. Christian Endeavor at 7:30 P. M., Sunday School at 3:30. Usual mid-week prayer meeting Wednesday evening at 8:00. Strangers cordially welcome at all services.

Rev. A. D. McClure, D. D., expects to preach in East Wilmington tomorrow afternoon at 4 o'clock.

Elder J. P. King will conduct the services at Sixth street Advent Christian church tomorrow, both morning and evening. Public cordially invited.

**Saves an Iowa Man's Life.**

The very grave seemed to yawn before Robert Madsen, of West Burlington, Iowa, when, after seven weeks in the hospital, four of the best physicians gave him up. Then was shown the marvelous curative power of Electric Bitters. For, after eight months of frightful suffering from liver trouble and yellow jaundice, getting no help from other remedies or doctors, five bottles of this matchless medicine completely cured him. It's positively guaranteed for stomach, liver or kidney troubles and never disappoints. Only 50c at Robert R. Bellamy's.

# CASES BEFORE THE RECORDER

**William H. Moore, Colored, Guilty of Receiving Stolen Goods—Judgment Reserved—Whiskey Charge Investigated.**

In the Recorder's court yesterday morning a number of cases of more or less interest were investigated and the session was the longest held in some days. Wm. H. Moore, a colored newsdealer, was given hearing on the charge of receiving stolen goods knowing them to have been stolen, the case coming up from Justice Harriss' court.

The charge grew out of the finding of a coat in Moore's place of business alleged to have been stolen by a negro by the name of Moseley from The A. David Co., where he had been employed as a porter for a number of years, and the statement of Moseley that he carried the coat to Moore to pawn it. Moseley was convicted of larceny last week and sentenced to the roads for six months. Moore was defended by William J. Bellamy, Esq., while County Attorney Marsden Bellamy appeared for the prosecution. The Recorder held that the defendant was guilty, but judgment was reserved until this morning.

P. B. Greenberg, proprietor of Riverside restaurant, at foot of Market street, was given hearing on the charge of selling three half pints of whiskey to P. B. Parker, a young white man who came here a few days ago from Goldsboro. Parker testified that he bought the whiskey, while Greenberg testified that he did not sell him any. It appears that Parker spent Wednesday night at Riverside and when he awoke the next morning some $8 or $10 he had in his pockets was gone. He accused Katie Pinner, a white woman, with stealing it and a warrant was issued for her, but she has not yet been found by the officers. The indictment of Greenberg for selling whiskey was the next move by Parker. After the examination of the two witnesses, Parker for the prosecution and Greenberg in his own behalf, court adjourned until today, when argument of counsel will be made. Woodus Kellum, Esq., appears for the defendant and County Attorney Marsden Bellamy is conducting the prosecution.

Mr. J. A. Fountain was given hearing on two charges, assault with a deadly weapon on Mr. J. S. Parker, of the Sneed Furniture store, and carrying concealed weapons, the case growing out of a difficulty the two men had at the place of business of the latter a few days ago. The cases came up from Justice Harriss' court. The defendant submitted to both charges and for carrying concealed weapon, was required to pay a fine of $25 and costs and the other case was dismissed upon payment of the costs. Thos. W. Davis, Esq., represented the defendant and C. D. Weeks, Esq., the prosecution. Mr. Fountain was tried in Justice Harriss' court under a peace warrant, judgment in which has been reserved.

A case against Beatrice Pridgen, colored, for assault with deadly weapon on Celestine Paterson, colored, sent up from Justice Harriss' court was continued.

## FUNERAL OF MISS BRIDGERS.

**Sad Services Held From St. James' Episcopal Church Yesterday.**

Sad but beautiful and impressive funeral services were held from St. James' episcopal church, at 3:30 o'clock, yesterday afternoon, in honor of Miss Mary Bridgers, one of Wilmington's best known and most beloved young women, who passed away early Thursday morning. The church was crowded with friends and relatives who gathered there to pay a last sad tribute of respect to the memory of one whom they so much loved and admired. Following the services, the body was tenderly borne to Oakdale cemetery, where the interment took place. The array of flowers was among the largest ever seen at Oakdale cemetery. The pallbearers were: Messrs. F. L. Huggins, S. M. Boatwright, R. N. Nash, A. S. Williams, Thos. H. Wright and George Thomas, Jr.

## BODY OF NEGRO RECOVERED.

**"Richard" Drowned From Launch in Cape Fear Two Weeks Ago.**

The body of a colored man, apparently about 25 years old, whose only name was "Richard," who fell from a launch in the Cape Fear river about five miles below Wilmington on the night of September 28th, rose to the surface yesterday morning and was recovered. The finding of the body was immediately reported to Dr. C. D. Bell, the coroner, who viewed the remains. The body was in a fine state of preservation. Dr. Bell gave a certificate of death by accidental drowning and the body was interred yesterday. The negro was walking from the bow of the boat toward the stern, when he lost his balance and fell into the river. The water was scarcely five feet deep at this point and it is thought that he was stunted as a result of the fall from the boat.

## CLEARS THE COMPLEXION.

**Discovery That Cures Pimples, Eczema and All Skin Troubles.**

If you are troubled with pimples, blackheads, acne, barber's itch, blotches, freckles or other skin disease or blemish, now is the time to cure it with Hokara.

This pure and simple skin food is being introduced in Wilmington by J. Hicks Bunting Drug Co., at the low price of 25c for a liberal sized jar.

It contains no grease or acid, is cleanly to use and is a true food and nourishment for the skin, cleansing and clearing it in every pore, making it soft, white and beautiful.

If Hokara does not do even more than is claimed for it and give perfect satisfaction return the empty jar to J. Hicks Bunting Drug Co., and they will refund your money. If you have any skin trouble, you cannot spend 25c to better advantage than for a jar of this skin food. Larger size 50c.

If the skin trouble is caused by impure blood, or if the bowels are inactive, use Hokara Blood Tablets. They cool and cleanse the blood and regulate the bowels in a natural way.

# MACOMBER'S DITCH CONDUIT

**Street Commission Agrees to Pay Two-Thirds of Cost of Work, Estimated at $24,000—Property Owners.**

At the close of a two hours' session, the Commissioners of Streets yesterday afternoon adopted a resolution agreeing to pay two-thirds of the cost of the proposed improvement of Macomber's ditch, the total amount necessary being estimated at $24,000, provided the owners of property in that vicinity pay the remainder and accept the conditions upon which the offer is made.

It is understood that the property owners, or a large portion at least, are prepared to meet the conditions and there is a strong probability of the realization of the desired improvement within the next few months. The resolution, offered by Commissioner W. L. Parsley, is as follows:

"Be it resolved, That the Commissioners of Streets will agree to grade 14th street from Orange street to Oakdale cemetery, provided this street is legally open, diverting the water from Macomber's ditch, where it now runs on private property, to the street and build a modern drain to Burnt Mill creek, on following conditions:

"First, That the property owners shall pay, in cash, to the Street Commissioners, before contracts for the work are signed, 33 1-3 per cent. of the cost of the improvements to be made on Macomber's ditch, the engineer's estimate of this work being in the neighborhood of $24,000.

"Second, That all owners of land bordering on 14th street and for one block each and west agree to destroy all shrub or undergrowth and to fill in, drain and level their respective properties to grades to be established by the city engineer, agreeing to complete this work within 12 months after the date upon which the contract work is accepted by the commission as completed, furnishing such bond for the faithful performance of these conditions as may be satisfactory to this board before the contracts for work are signed.

"That should the property owners agree to these conditions and notify us of such fact in writing at our next regular meeting, over the signatures of such a percentage of the property owners as will warrant us in taking action, the engineer will be instructed to prepare plans for the improvements decided on and to advertise for bids for doing the work, reserving the right to decline any or all bills."

The resolution settles the matter so far as the Commision is concerned until the one-third of the estimated cost of the work has been raised by property owners and evidence of compliance with the other conditions and then the Street Commission will have its engineer prepare plans and call for bids for the work.

The meeting of the commission was called to order at 3:30 o'clock by Chairman Louis Belden, who presided, with Commissioners W. L. Parsley, R. H. Brady and George Heyer, City Engineer Humphreys and Clerk J. F. Gause in attendance.

Mr. F. P. Lamb appeared before the Commission and asked that McRae street, from Red Cross to Nixon, be improved so as to give the citizens of that section a driveway to their property. Mr. Lamb said that his section of the city was known as "darktown", having insufficient light at night, and had no improved highway over which they could reach their property and appealed to the Commission to give the property owners of that neighborhood some consideration. Captain Belden told Mr. Lamb that the commission was not in position now to consider any request for street improvement, being delayed on account of the Water and Sewerage Commission, but gave assurance that the request would be given attention at the proper time.

Mr. Powers, of the Virginia Metal Culvert Co., Roanoke, Va., and Mr. Coleman Meriwether, president of the Lock Joint Pipe Co., New York, appeared before the commision and presented the merits of their respective materials for the construction of conduits and also gave prices of the same. These concerns will likely submit bids for the Macomber's ditch conduit in case it is decided to make the improvement.

Two communications from the Board of Audit and Finance were read. The first related to the city engineer's office, inquiring whether or not the engineer was performing his duties in accordance with the agreement with the city by giving his entire time to municipal work, why he could not have an office in the City Hall building as do other officials of the city, why it is necessary to have three engineers and stating that the theird would not be allowed unless it could be shown that he was needed. In this connection City Engineer Humphreys stated that he was interested in, but not actively engaged, in outside work and that the chairman of the commission was aware of this fact. He said that he used the two offices, one in the City Hall building, and the other in the Odd Fellow's building, as a matter of convenience, having the use of several tables by so doing. Members of the commission said they had no fault to find with the services of the city engineer and were inclined to think that it was not the business of any other body of the city government to inquire into the matter. However, a communication will probably be sent to the Board of Audit and Finance and Capt. Belden and Engineer Humphreys will likely appear before the board at its next meeting. It was the sense of the commission that the other communication, relating to the employment of an attorney other than the city attorney and the payment of money to a person outside the commission's office for clerical work, be ignored entirely, feeling that it is not a matter that should be inquired into by the Board of Audit and Finance.

A letter was read from Mr. Clayton Giles asking that curbing be placed on the east side of the plaza on Third, between Ann and Nun streets, the streets and wharves committee of the Board of Aldermen having declined to place the curbing on the ground that this work should be done by the commission. The clerk was instructed to notify Mr. Giles that the commission did not have any curbing on hand.

A letter was read from Mr. Hix, vice president and general manager of the Seaboard Air Line, in reply to one written by Captain Belden, relative to the bridge across the railroad's tracks at Fourth street. Mr. Hix said that he would see that the bridge is kept in good condition for traffic, but would not agree to build a steel bridge to carry street cars unless the street car company would agree to participate in the expense. Further action was deferred until the next meeting.

Bids for grading Sixth street, between Kidder and Martin, were then opened, bids being submitted by A. Silverman, John H. Kuck, W. L. DeRosset and J. M. Woolard. Mr. Silverman offered to do the work for $198, or 19.8 cents per cubic yard and the contract was awarded to him upon condition that the grading be completed by January 1st, 1911. The meeting adjourned at 5:30 o'clock.

## MRS. M. L. EURE DEAD.

**Passed Away at Her Home in Norfolk, Va., Yesterday Morning.**

Mrs. C. D. Bell left last night for Norfolk, Va., in response to a telegram from her father, Judge M. L. Eure, conveying the sad intelligence of the death of her stepmother, which occurred very suddenly at the family residence in that city yesterday morning. Mrs. Eure was about 50 years old. Judge Eure is well known in Wimington, having held court here years ago, and his many friends will tenderly sympathize with him in the death of his wife. The particulars of Mrs. Eure's death was not stated in the telegram.

**Miss Keith is Improving**

Mr. B. F. Keith received a letter yesterday from Mrs. Keith, at Meredith College in Raleigh, stating that his daughter, Miss Adeline, who was so severely burned about two weeks ago and has since been in a critical condition, is very much improved and physicians state that her chances for recovery are favorable. Her many friends here will be delighted to hear the encouraging news. She will likely be unable to resume her studies again this season and will be brought home as soon as she has sufficiently improved.

**Basketball at Boys' Brigade.**

Quite a large crowd gathered at the Boys' Brigade armory last night to witness the second of the series of basketball games between teams contesting for the Honnet trophy. The Seminoles were defeated by the Stags to the tune of 25 to 9, while the Lions won from the Kangaroes by the score of 22 to 14. Both games were interesting and exciting.

**Death of Infant Son.**

Friends of Mr. and Mrs. J. T. Turlington will sympathize with them in the death of their infant son, which occurred at the family residence, No. 118 South Eighth street, at 7 o'clock, yesterday morning. The little one was one month and four days old. The funeral services will be held from the residence at 10 o'clock this morning, conducted by Rev. C. T. Whitlock, pastor of Brooklyn Baptist Church, and the interment will be in Oakdale cemetery.

**Only One "BROMO QUININE."**

That is LAXATIVE BROMO QUININE. Look for the signature of E. W. GROVE. Used the World over to Cure a Cold in One Day. 25c.

## SALVATION ARMY OFFICERS.

**Colonel and Mrs. R. E. Holtz Will Arrive This Afternoon.**

Col. Richard E. Holtz, of Philadelphia, in command of the Salvation Army in the Atlantic Coast province, accompanied by Mrs. Holtz, will arrive in the city this afternoon on an official visit to the local post, which is in charge of Adjutant and Mrs. G. P. Williams. Colonel Holtz, who is a pleasing speaker, will conduct three services in the city tomorrow. In

COL. RICHARD E. HOLTZ.

**In Command Atlantoc Coast Province, Salvation Army.**

the morning at 11 o'clock he will make an address at Brooklyn Baptist Church on "Transformations." At 4 o'clock in the afternoon he will speak at the Salvation Army hall, 205 Market street, on the subject, "Others." Sunday night he will conduct services at St. Andrew's Presbyterian Church, using as his subject, "Servants of All." Colonel and Mrs. Holtz will leave Monday evening for Washington, D. C.

## SHOT OFFICER AND SELF.

**Desperate Act of Gunner in British Army—Held Soldiers at Bay.**

Victoria, B. C., Nov. 11.—Gunner Rowland, of the Work Point garrison, British army, shot and killed Corporal Radcliffe today and several hours later killed himself to avoid capture.

There had been a long standing feud between the gunner and his superior non-commissioned officer.

After killing Radcliffe, Rowan took up a position in the MacCauley Point Fort from which he defied the whole garrison. Armed with a service rifle and abundant ammunition and with the sea on either side and the earth works in front of him, he held soldiers at bay for hours and fired on a detachment that went to pick up the corporal's body. Realizing that he would be starved out ultimately, Rowlan turned his rifle on himself and blew off his head.

Today's tragedy is similar to that of August 1st, when Gunner Thomas Allen, of the Royal Artillery shot and killed Chaplain Peter Elliston for a fancied grievance. Allen is to be hanged on December 22.

## NOTED CHEMIST IS DEAD.

**Dr. Henry Wurtz, Scientist, Who Has Written Several Books.**

New York, Nov. 11.—Dr. Henry Wurtz, chemist and scientist, is dead at his home in Brooklyn in his 83rd year. He was born at Easton, Pa., and was a graduate of Princeton University and of the Massachusetts Institute of Technology. He was the author of many scientific treatises and was the first investigator to prove the existence of gold in sea water. He held many government positions during his life time and was one of the judges at the Philadelphia exposition. He discovered and named the silver-bearing minerals huntilite and animikite and the mineral Wurtzilite was named after him.

**Why Wobble?**

*A month ago you had it in mind to start an account with this bank. Several times since you have renewed your resolve. Each time you have wobbled—put it off—tomorrow—next week—sometime.*

Don't wait any longer. Come in today and start. One Dollar opens.

**THE PEOPLE'S SAVINGS BANK**

## PEONAGE CASE FALLS FLAT

**Judge Connor Instructs Jury to Return Verdict of Not Guilty—Criminal Side of Docket Cleared. Federal Court.**

Having disposed of all cases on the criminal side of the docket in two days and a half, the United States Court, which convened here Wednesday morning, took a recess yesterday afternoon until Monday morning at 11 o'clock, when matters on the civil docket will be taken up, of which there is an unusually large number. Judge Connor left last night for his home in Wilson and District Attorney Seawell left for his home in Carthage. Marshall Dockery will leave this morning for Raleigh. All will return in time for court Monday.

The most important matter yesterday was a case against Marcus Smith, a justice of the peace, and Charles Allen, a deputy sheriff, both of Robeson county, charged with holding in peonage one John Marsh, colored, and it terminated like all other cases of this character which have been brought in the United States Courts in this State. Five witnesses for the government and one witness for the defendants were examined, after which the defendants were placed on the stand and gave their side of the case. Judge Connor ordered that a verdict of not guilty be returned and that the defendants be discharged. Messrs. McIntyre, Lawrence & Proctor, of Lumberton, appeared for the defendants, while District Attorney Seawell conducted the prosecution.

In the case against Ben Mintz, of Brunswick county, who submitted Thursday to a charge of retailing, Judge Connor rendered judgment yesterday morning to the effect that the defendant be sentenced to 60 days in jail and pay a fine of $100 and costs, imprisonment to be suspended upon payment of costs. The defendant paid the fine and costs, amounting to $169.75 and was discharged.

Will McNeill, of Robeson county, was found guilty of retailing. After the examination of witnesses the court instructed the jury to return a verdict of guilty. Judgment was reserved and continued until the Spring term, the defendant to give bond for his appearance at that time.

The time of the afternoon session was taken up with argument of a motion in the admiralty action of Capt. John W. Harper, et al., against the steamship Herman Wedel Jarisberg, et al., which was recently referred to E. S. Martin, commissioner. There will be further hearing in the case later.

**ONLY TWO MORE DAYS!**

Redfern Whalebone Corsets are our "classy" models. Your figure is made with a Redfern. We can commend to you no other corset that will so completely fill the requirements.

Miss Ball will be with us today and Saturday in the interest of this celebrated pure whalebone corset, and will be pleased to fit any lady, whether she wishes to buy now, or place her order to be filled later. Prices $3.00 to $15.00.

**C. H. FORE & CO.** *113 Market Street.*

# SOCIAL and PERSONAL

**Brief Mention, News of Societies, Meetings, Etc.**

Mr. and Mrs. W. A. Keith, of Hendersonville, N. C., were visitors in the city yesterday on their way to Keith, N. C., where they will visit Mr. Keith's parents, Mr. and Mrs. W. C. Keith.

* * *

The regular weekly dance of the Saturday Evening German Club will be given in the Masonic Temple tonight and a large number of dancers is expected. The music will be by Kneisel's Orchestra and dancing will begin promptly at 9 o'clock. Club members are asked to note the hour and be present.

* * *

Quite a large crowd attended Mr. Kneisel's regular Friday night dance at the Masonic Temple last night and the event was greatly enjoyed by all in attendance. The dance next week will be given on Wednesday night instead of Friday night on account of the attraction at the Academy of Music on the latter date.

* * *

An oyster supper for the benefit of Olive Branch Baptist church will be given next Tuesday evening, November 15th, at 8 o'clock, at the home of Mrs Geo. Rogers, at Greenville Station. The public is invited and a chartered car to carry those who desire to attend from the city, will leave Front and Princess streets at 8 o'clock.

* * *

The opening dance of the season of L'Agile Cotilion Club will be given on Tuesday evening of the coming week in the Masonic Temple ball room. In addition to the large number of young society people of Wilmington, there will also be in attendance no doubt a large number of visitors here to attend the early Winter weddings which have been announced.

* * *

Mr. W. B. Cooper returned yesterday from Durham, N. C., where he attended the most interesting and imposing ceremonies of the inauguration of President William Preston Few on Wednesday. Mr. Cooper says there was a large gathering of distinguished men from all over the United States and the inauguration was a magnificent success in every way.

* * *

Under the auspices of the Ladies' Home Missionary Society of the First Presbyterian Church a sale of fancy work, dolls, cakes, etc.—just the thing for Christmas—is being conducted in the store room formerly occupied by the Delmonico Cafe, on Front street. Streams of ladies visited the store room yesterday and the ladies are gratified at the number of purchases made. The sale will be continued through today and hundreds of others will no doubt pay the ladies a visit.

## DR. HENDERSON NAMED.

**President of Association for Prevention of Infant Mortality.**

Baltimore, Nov. 11.—Dr. Charles Henderson, of the University of Chicago, was elected president of the American Association for the Study and Prevention of Infant Mortality today and Chicago was selected as the place for next year's meeting at the first annual meeting of the association which closed today. The other officers elected were:

President-elect for 1912, Dr. Cressy L. Wilbur, chief statistician, Bureau of the Census, Washington; vice presidents, Harold McCormick, of Chicago, and Dr. Henry L. Coit, of Newark, N. J.; secretary, Dr. F. S. Churchill, of Chicago; treasurer, Mr. Austin McLanahan, of Baltimore.

The permanent headquarters of the association will remain in Baltimore, where they were established a year ago. The exhibition held in connection with the meeting will remain open until November 16th. The meeting has been attended by representative physicians, specialists, health officers and social workers from every part of the country.

## MR. BAKER ACCEPTS.

**Call Extended by Lynchburg, Va., Presbyterian Church.**

Lynchburg, Va., Nov. 11.—Rev. E. A. Baker, pastor of the Presbyterian church at Lumberton, N. C., has notified the pulpit committee of the Rivermont Avenue Presbyterian church of his acceptance of the call recently extended him by that church. Rev Mr. Baker will enter upon his work here not later than the first Sunday in December, if he can arrange to do so.

It is understood that the members of the church at Lumberton will make an effort to have Mr. Baker remain there, but he will offer his resignation to the Presbytery and hopes to have it accepted.

## THE AMERICAN UNIVERSITIES.

**Meeting at Charlottesville Ended.—Chicago Next Year.**

Charlottesville, Va., Nov. 11.—After one of the largest meetings in the history of the organization, the twelfth annual conference of the Association of American Universities came to a close today. The University of Chicago was chosen as the next place of meeting and officers were elected for the ensuing year as follows:

Vice President University of Illinois; Secretary and Treasurer, Harvard, executive committee, the above named institutions, together with Columbia and Missouri.

Providence, R. I., Nov. 11.—The life and influences of the late Secretary of State John Hay in the fields of diplomacy were eulogized in an address of United States Senator Elihu Root, of New York, at the dedication of the John Hay Library at Brown University today.

**"You'll Like Blue Ribbon."**

Blue Ribbon Lemon and Vanilla Extracts are so delicious that they please everybody, everywhere, everytime.

# NO RECITAL GIVEN LAST NIGHT

**Baggage of Miss Rita Fornia, the Noted Singer, Did Not Arrive and Engagement Was Cancelled—Suit.**

The non-arrival of the trunk of Miss Rita Fornia, the noted singer, containing her handsome evening gowns and music, necessitated the cancellation at the eleventh hour of the engagement of Miss Fornia and Mr. Arturo Tibaldi, the latter a famous violinist, who were to have given a recital at the Academy of Music last night. The cancellation of the engagement for last night means that Wilmington will not have the opportunity to hear these prominent and talented musicians, for they leave this morning for New York, where Miss Fornia has an engagement to sing Monday evening.

There were perhaps a hundred music lovers in Wilmington who were sadly disappointed, when at 8.50 o'clock last night, Mr. E. H. Munson, who loves everything musical, announced from the Academy stage that there would be no recital on account of the non-arrival of the baggage of Miss Fornia. Notwithstanding the fact that Miss Fornia has the reputation of being one of the country's most renowned soprano singers and Mr. Tibaldi is equally as well known as a violinist, which fact had been made known freely through the columns of the local press, there were only about a hundred people who turned out for the recital. This very likely means that no more recitals of this character will be undertaken in Wilmington for some time at least.

Miss Fornia, Mr. Tibaldi and Miss Emma Coburn, the accompanist, arrived in the city yesterday afternoon from Macon, Ga., and when inquiry was made at the station for the trunk of Miss Fornia it was found that it had not arrived, being delayed, it is thought, in Atlanta, Ga. The trunk contained all of Miss Fornia's evening gowns as well as her music. Mr. R. H. Cowan, who is responsible for the engagement of the company, was then informed of the non-arrival of the baggage of Miss Fornia. Mr. Tibaldi brought his music in his suit case and Miss Coburn, following her usual custom, had placed an evening gown in her suit case, therefore they were prepared to take their part in the recital. Mr. Cowan decided that if the entire programme could not be carried out it would be better to cancel the engagement and soon as this decision was reached announcement was made to the small audience by Mr. Munson.

It was stated last night that suit will be instituted against the railroads for the amount of the loss sustained on account of the failure of the trunk to arrive in time for the recital last night. The trunk was routed by the Georgia Central and the Seaboard Air Line. It is expected that the suit will be brought by Mr. Johnson, of New York, who is sending out the company of singers, and will also include the amount of the loss sustained by Mr. Cowan.

Those holding $1.50 and $1 coupons for the recital will have their money refunded by application at Plummer's after 10 o'clock this morning.

## WIND SPOILS AERO MEET.

**Events at Baltimore Limited Yesterday—The Aviators.**

Baltimore, Nov. 11.—A wind, such as aviators abhor—the sort that comes in short, snappy gusts and then dies down to nothing—completely spoiled the contemplated sport at the Aviation Meet here today.

Assistant Secretary of the Navy Winthrop, and a party from Washington, witnessed what little flying there was during the afternoon. At 2:45 P. M. the wind, which had been blowing 25 miles an hour, died down to 17 and Archibald Hoxsey, in the big Wright passenger-carrying biation. He found much trouble with the wind in the upper air and descended at 3:05, after having reached a height of 1,050 feet. He reported a great cold above.

Just before he landed Hubert Latham, in his Antionette, started on a duration flight. He kept very close to the ground and his monoplane rocked like a ship in a bad sea, but he handled it in a way to challenge admiration. He made a brave fight against the gusts, but came to earth after a five minute flight. The audience waited patiently for further flying, but the wind conditions grew worse rather than better, and no further flights were attempted.

## HUNTING YOUNG FEUDIST.

**Two Hundred Armed Men on Lookout For Slayer of Jailor.**

Lexington, Ky., Nov. 11—While more than 200 armed men searched throughout Breathitt county today for Jacob Noble, who killed Jailor Wesley Turner last Tuesday, the youthful feudist eluded his pursuers. Tonight he is still in hiding somewhere in the mountains.

Governor Willson has been asked to aid in the chase, and the reward for the arrest of Noble may be increased. The men sent out today under command of a deputy sheriff have orders to arrest the fugitive "dead or alive." It is generally anticipated that a fight will occur if he is encountered.

Noble, who is only 21 years old, is charged with three other homicides, committed before the killing of Jailor Turner.

Persons arriving from Jackson, the county seat of Breathitt county, tonight, say that a reign of terror exists throughout the county and that hundred of citizens have armed themselves in view of the possibility of meeting Noble.

## ROBER E. LEE ELECTED.

**Official Returns Show His Victory in Pennsylvania District.**

Pottsville, Pa., Nov. 11.—The official vote of the Twelfth Pennsylvania Congressional district, shows that Robert E. Lee, Democrat, is elected over Robert Heaton by 49 votes. Foley, Socialist, polled 4,707 votes in the District.

# AMUSEMENTS

**Academy. Bijou. Joyland. Palace.**

Seats go on sale this morning for what will likely be the most notable event in Wilmington's theatrical history, the appearance of the talented and beautiful Mary Mannering, at the Academy of Music Monday night. To play this engagement Miss Mannering and company will come direct from New York City to Wilmington, opening her brief Southern tour in this city. This is quite an honor, especially, too, as Wilmington will be the only North Carolina city played. Miss Mannering closes her New York engagement tonight and then jumps directly here, playing Wilmington at the earnest request of Mr. Schloss and also in order to "break a jump" into the deeper South. The scale of prices for her engagement will be $2 and $1.50 for the lower floor of the Academy, and $1.50 for the first two rows of the balcony, then only $1 and 75 cents.

The role assumed by Mary Mannering is that of a novelist, who, trying to get a number of social problems right, involves herself in a woman's fight against a man's world.

"This is a man's world," says the male spirit of the play, "and the leading woman character combats the code he lays down.

**Joyland Theatre.**

There will be a special programme for today that will please the large Saturday crowds. "The Woman of the West" and the big comic film, "And the Cat Came Back." Today from 10 to 12 o'clock every girl will be admitted free of charge as the management has a special picture for the young ladies. Next Saturday there will be a feature picture for boys.

**At the Bijou Today.**

At the Bijou today will be shown two very interesting pictures. One is entitled "The Canadian Moonshiners," probably one of the most exciting and thrilling offered in some time. "Her Adopted Parents" is the title of the other. It is a story of the cherished love and memory of a daughter for her parents which led her to adopt an old couple and make their lives and her own happy and blessed.

**The Crystal Palace.**

The closing performances of this week's bill at the Crystal Palace will be given this afternoon and tonight. The bill is a fine one and large crowds have been in attendance during the week.

MISS MARY MANNERING.

Beautiful Actress Who will Appear at Academy of Music on Monday Evening.

## LOCAL DOTS.

—The many friends of Elder J. P. King, pastor of the Sixth Street Advent Christian church, will be pleased to learn that he has sufficiently improved to be out again and will conduct the services at his church tomorrow.

—Services at Immanuel Presbyterian Church tomorrow at 11 A. M. and 7:30 P. M., conducted by the pastor, Rev. J. S. Crowley. In the afternoon at 3:30 o'clock, Mr. Crowley will preach at Wrightsboro school house on the Castle Haynes road.

—Reserved seats for the next attraction of the Boys' Brigade Lyceum Course will be placed on sale at Dosher Bros.' place of business, on North Front street, this morning. The Caveney Company Entertainers will appear at the Brigade Monday night and the auditorium will doubtless be well filled.

—Charged with drunkenness and disorderly conduct, Stella Dewsey, a denizen of the underworld, was arrested on 12th, between Princess and Chesnut streets, at 11:30 o'clock last night by Mounted Officers Frank George and T. M. Hall. She was given a berth in the city prison and will be tried before the Recorder this morning.

—Katie Pinner, a white woman, charged with the larceny of $10 in money from D. B. Parker, a white man of Goldsboro, alleged to have been committed at Riverside restaurant, foot of Market street, Wednesday night, was arrested late yesterday afternoon by Patrolman J. L. Parker. She was lodged in the city prison to await hearing this morning.

## PERSONAL PARAGRAPHS.

—Mr. J. A. Murphy, of Atkinson, was a business visitor to the city yesterday.

—Jackson Greer, Esq., of the Columbus bar, is among the visiting attorneys here for Federal Court.

—Mr. J. W. S. Robinson, of Delta, Sampson county, spent yesterday in the city making business calls.

—Messrs. A. R. McEachern and L. L. McGougan, of St. Paul's, Robeson county, are spending a few days in the city attending Federal court.

—Mr. J. H. Higgins, of New York City, is visiting his daughter, Mrs. G. P. Williams, on South Second street. Mr. Higgins is assistant ticket agent for the New York Central Lines at No. 149 Broadway, New York.

## NEGRO MURDERER DIES.

**John Eccles, One of Negroes Who Killed Winston Man.**

Richmond, Va., Nov. 11.—John Eccles, one of three negroes convicted at Danville of the murder of Sidney Woods, a Winston-Salem, N. C., negro excursionist in Henry county several months ago, was electrocuted here this morning.

Thomas Bailey and James Hairston, the other two, were reprieved by Governor Mann until December 16th, upon a statement made by Eccles that they were innocent.

## SENSATIONAL CHARGES.

**Report to American Bureau of Chid Labor Conditions in Europe.**

Washington, Nov. 11.—Sensational charges of repulsive conditions in child labor in continental Europe are made in a special report published in the latest issue of the bulletin of the United States Bureau of Labor. The report, which covers more than 400 pages of the bulletin, was made by Dr. C. W. A. Veditz, a professor of sociology in George Washington University, who made a special investigation in Austria, Belgium, France, Germany, Switzerland and Italy. The investigator gathered all his data from official records and sources of information.

Child labor in Belgium not paid at all; children in Austria beginning work before six years of age; child laborers in France drilled to disappear through trap doors at the approach of inspectors, and a general indifferent enforcement of the child labor laws through which employers find it more profitable to pay the nominal fines imposed than to obey the regulations are some of the conditions described in the report.

The general conclusion is that child labor laws abroad are in many respects poorly enforced and that the penalties imposed for violations are ridiculously small and of practically no deterrent value. The report gives data indicating that in most of those countries it would be a physical impossibility for the inspectors to do more than a fractional part of their work or to do that part thoroughly; and that the courts are astoundingly lenient with offenders against labor laws.

In Austria, only one-fourth of the child workers are employed in establishments that are inspected annually. The force is so inadequate that it would take 59 years to visit once every establishment subject to the labor laws. The majority of the smaller concerns are never visited. Child labor in Austria is not regulated in workshops, in household industries or in commercial establishments. Hence the factory laws, so far as they have reduced child labor law at all, have simply driven it out of the factories into the homes of the workers, into fall workshops and into establishments lying outside the scope of the labor laws.

A recent official investigation disclosed the fact that about half of the children began work before they were eight years of age, while a very large number began before they were six years old. Their compensation varied all the way from food and certain articles of clothing, $14 a year for those in agricultural occupation. A large proportion received wages of fifty cents to a dollar and fifty cents a month. Those employed in saloons and bowling alleys usually average four cents an hour plus free beer, sometimes left.

In Belgium much of the recently enacted labor legislation is attributed to a political coalition of the catholics and the socialists. The Belgium child labor law provides that ignorance of the law is a sufficient defense of proved violation.

## FAYETTEVILLIANS THERE.

**Special Pullman Attached to Regular Train for Savannah.**

Fayetteville, N. C., Nov. 11.—The following party left here at 1:30 o'clock this morning in a private Pullman, attached to train No. 85, for Savannah, to witness the automobile races: Maj. A. A. McKeithan, Lieut. A. A. McKeithan, Dr. J. Vance McGougan, Dr. Seavy Highsmith, Dr. T. C. Bullock, of Autryville; Messrs. John H. Culbreth, D. K. Taylor, J. B. Tillinghast, R. McMillan, A. L. McCaskill, W. H. Marsh, T. J. Purdie, A. B. McMillan, F. B. Souders, N. H. McGeachy, J. W. Currie, R. C. Reed, Jr., Beard, N. C.; Hubert Ramseur, John B. Henderson, colored, went along to look after the comfort of the party.

## AUTO RACES AT COLUMBIA.

**Six Cars Entered For Run on Thanksgiving Day.**

Columbia, Nov. 11.—Arrangements are rapidly being made for the automobile races on the fair grounds on Thanksgiving Day. The fact that several cars were put out of the running early on the occasion of the last meet has led automobile dealers to challenge others. The prizes will be increased, and it is announced that already six cars have been entered. Only eight entries will be booked. For the three events the prizes will be: Five-mile race, $50 and $25; fifteen-mile race, $100 and $50; fifty-mile race $200 and $100.

## PRINCETON-YALE GAME.

**Big Game of the Season.—Record Breaking Attendance.**

Princeton, N. J., Nov. 11.—Princeton University graduates from all parts of the country began their biennial migration to Princeton today and the vanguard of the crowd that will witness the 36th annual football game between Yale and Princeton, at 2 o'clock Saturday afternoon, indicates a record-breaking attendance.

The Princeton team had its final signal practice at Lakewood, N. J., today, and will leave there about 8 o'clock tomorrow morning, reaching here at 10 o'clock. The Yale squad will arrive from New York an hour later. The Princeton players are said to be in excellent physical condition, and more confident of meeting Yale on even terms than has been the case in many years.

New York, Nov. 11.—Fred Brooks, the betting commissioner, announced tonight that he had tried to place $2,000 to $5,000 on Yale at the Princeton Club, but the Princeton men shied at the odds.

Princeton, N. J., Nov. 11.—Scores of Princeton graduates, who are back for the Yale-Princeton football game tomorrow, called at the residence of Governor-elect Woodrow Wilson today and added their congratulations to the multitude of messages which have been pouring in on the former President of Princeton University by telegraph and telephone since election night. More than 500 telegrams have been received by Dr. Wilson from governors, mayors and government officials in various parts of the country since the first announcement was made that his election was assured. Not a few of these contained reference to 1912 presidential prospects remarking that they hoped to be able to congratulate him also years hence.

Dr. Wilson will receive a host of Princeton alumni tomorrow morning and will attend the football game between Yae and Princeton in the afternoon.

## AERO SEA TRIP TODAY.

**Aviator McCurdy Plans Flight From Hamburg-American Liner.**

New York, Nov. 11.—With fair weather promised for tomorrow preparations went actively forward today for J. A. D. McCurdy's proposed flight to Governor's Island from the deck of the Hamburg-American liner Pennsylvania, 50 miles out at sea. The Pennsylvania sails at noon and the flight is to begin about 3 o'clock. McCurdy will carry a special mail pouch filled with letters written on light weight paper. His take-off is to be from a plank runway 85 feet long extending out over the stern of the ship.

Several yachts and three chartered tug boats will accompany McCurdy as best they can. If all goes well, he ought to land off Governor's Island about 4 o'clock. He will be assisted in preparing the craft for flight and in getting away by J. C. (Bud) Mars, of the Curtiss staff.

Charlotte, N. C., Nov. 11.—J. A. D. McCurdy, who has been here for two days under contract with a local newspaper to make a flight in a Curtiss bi-plane and who has thus far been unable to do so because of unfavorable winds, stated tonight that he had been instructed by Mr Curtiss to remain here tomorrow and make a third effort to carry out his contract.

"So far as I am concerned," said Mr. McCurdy, "the New York flight is postponed. Mr. Curtiss, however, is on the ground and it is all up to him I presume Mr. Mar will make the flight from the deck of the Pennsylvania.

Every housewife "in business"—is a buyer of home supplies—and should watch for buying opportunities as closely as though she were buying to sell again.

# FINANCIAL and COMMERCIAL

## IRREGULAR IN COTTON MARKET

Early Advance Carrying Prices to New Records for Movement Followed by Reaction—Closed Quiet and Unchanged.

New York, Nov. 11.—An early advance in the cotton market carried prices into new high ground for the movement, but was followed by a reaction with the close steady, net three points lower to one point higher.

The opening was steady at an advance of 7 to 11 points owing to better cables than expected, and prices gradually worked up to a net gain of about 13 to 16 points on covering by shorts, a renewed foreign demand and some support from spot houses. May contracts sold at 15.03, 23 points up from the low level of Wednesday and three points above the best price reached before the publication of the census report last Monday. This carried the market back to within 18 points of the high records for the season made during the middle of October and attracted considerable realizing. Moreover, outside had failed to broaden on the advance and when it was found that the demand from shorts was becoming less urgent local professionals showed a disposition to take the short side for a turn. Prospects for bullish week-end figures and the steady showing of the Southern markets prevented any aggressive selling, but offerings became heavier during the afternoon when there was considerable commission house liquidation and at one time prices showed a net loss of about 7 to 7 points. Toward the close there was a slight rally on covering and final quotations were 4 to 5 points up from the lowest. A private crop estimate issued by a local authority during the day placed the yield at 11,675,000 bales, but general sentiment as to the probable supply for the season appears to be still very much unsettled. Southern spot markets were unchanged at 1-8c. higher. Liverpool reports a further reduction in estimates of the Indian crop, and a good trade demand. The government estimate of the crop will be published at 2 P. M. on December 9.

Receipts of cotton at the ports today 77,561 bales against 47,497 last week and 66,644 last year. For the week 375,000 bales against 380,584 last week and 377,388 last year. Today's receipts at New Orleans 11,759 bales against 9,449 last year.

Spot cotton closed quiet and unchanged; middling uplands 14.81; middling gulf 15.06; sales 400 bales.

Futures opened and closed steady.

| Month. | Open. | High. | Low. | Close. |
|---|---|---|---|---|

**BY RIVER AND RAIL.**

**Receipts of Naval Stores and Cotton Yesterday.**

Wilmington, N. C., Nov. 11, 1910.

C. C. Railroad—324 bales cotton.

Atlantic Coast Line—1,438 bales cotton, 9 casks spirits turpentine, 13 barrels rosin, 30 barrels tar, 38 barrels crude turpentine.

Str. Whitlock—6 casks spirits turpentine, 66 barrels rosin.

Str. Black River—1 bale cotton, 1 barrel rosin, 24 barrels tar.

Totals—1,724 bales cotton, 15 casks spirits turpentine, 80 barrels rosin, 54 barrels tar, 38 barrels crude turpentine.

## THE PRODUCE MARKET.

New York, Nov. 11.—Flour steadier with wheat.

Rye Flour and Rye—Steady.

Buckwheat Flour—Quiet.

Buckwheat and Corn Meal—Quiet.

Barley—Steadier.

Wheat—Spot firmer; No. 2 red 96 1-2 elevator and 96 1-4 f.o.b. afloat. Futures closed 3-8 decline to 1-4c advance. December 97 1-4; May 1.03 3-8; July 1.00 5-8.

Corn—Spot easy; No. 2, 57 3-4 elevator domestic basis to arrive c.i.f. and 58 f.o.b. afloat. Futures closed unchanged to 1-4c net advance. December 55 1-2; May 56 1-4.

Oats—Firm; standard white 38. Futures closed 1-8c lower to 1-4c higher. November 37 3-8; December 37 3-4; May 39 7-8; July 39 3-4.

Beef and Turpentine—Steady.

Lard—Easier.

Petroleum—Quiet.

Rice and Molasses—Steady.

Sugar—Raw firm. Refined—Quiet.

Coffee—Futures closed steady at a net advance of 10 to 15 points. Spot coffee firm; Rio No. 7, 11 1-2; Santos No. 4, 12 1-2. Mild—Steady; Cordova 11 1-4 to 13 3-4.

Butter—Steady, unchanged.

Cheese—Firm, unchanged.

Eggs—Steady, unchanged.

Potatoes—Easy; Maine, per bag 1.40 to 1.65; Southern sweets per barrel 75 to 1.37.

Cabbages—Steady, unchanged.

Freights and Peanuts—Unchanged.

Cotton Seed Oil—Quiet and prices were easy with hammering by bears on the easier lard market, although crude oil was steady. The close was 2 to 6 points net lower. November 7.28 to 7.30; December 7.27 to 7.29; January 7.31 to 7.33; February 7.32 to 7.37; March 7.39 to 7.40; prime crude 6.27 to 6.40; prime summer yellow 7.26 to 7.37; prime winter yellow 7.80 to 8.50; prime summer white 7.40 to 8.40.

**WILMINGTON MARKETS.**

STAR OFFICE, Nov. 11.

SPIRITS TURPENTINE—Nothing doing.

ROSIN—Steady, $5.40 per barrel of 280 pounds.

TAR—Firm, $2.60 per barrel.

CRUDE TURPENTINE—Market firm $4.50 per barrel for hard; $6.00 for dip and $6.00 for virgin.

Quotations same day last year—Spirits turpentine firm, 54; rosin steady, $5.40; tar, $1.90; crude turpentine; firm, 2.50, $4.00, and $4.00.

**RECEIPTS.**

| | |
|---|---|
| Spirits of Turpentine | 15 |
| Rosin | 80 |
| Tar | 54 |
| Crude Turpentine | 38 |

Receipts, same day last year, 24 casks spirits turpentine; 73 barrels rosin; 60 barrels tar; 55 barrels crude turpentine.

**COTTON MARKET.**

Market—Quiet, 14¼ cents.

Same day last year, 14¼ cents.

Receipts, 2,390 bales; same day last year, 2,033 bales.

**PRODUCE MARKET.**

(Quoted by W. J. Meredith, Nov. 5th.)

PEANUTS—Virginias, extra prime 70 cents; fancy 75 cents. Spanish from $1.05 to $1.15 cents. North Carolina, No. 1, 90 to 95 cents per bushel. New crop.

CORN—Firm 85 to 90 per bushel.

N. C. HAMS—Good demand; hams 22; shoulders, 16 cents and side 17 to 18c.

EGGS—Good demand 25 cents.

CHICKENS—Spring 25 to 40; grown, 45 and 50, scarce.

BEESWAX—Firm 27c.

TALLOW—Firm at 4 1-2 to 5c per pound.

SWEET POTATOES—Firm at 50 to 60 cents per bushel.

HIDES—Dr. flint 13c; green 7c per pound.

WOOL—Burr 12 to 15c; free of burr 18 to 20c.

GEESE—60 cents per head.

PORK—10 to 11 cents net.

SHEEP—Grown $1.00 to $2.50.

LAMBS—Good demand $1.50 to $3.00.

PEAS—White peas, $2.25 to $2.50.

IRISH POTATOES—New crop 80 to 90 cents, dull.

## LIVERPOOL COTTON MARKET.

Spot in Fair Demand Prices Higher—Sales and Futures.

Liverpool, Nov. 11.—Spot in fair demand, prices 6 to 8 points higher. American middling fair 8.44; good middling 8.12; middling 8.00; low middling 7.80; good ordinary 7.54; ordinary 7.29.

The sales of the day were 8,000 bales of which 500 were for speculation and export and included 7,200 American.

Receipts 21,000 bales including 15,100 American.

Futures opened firm and closed steady. November 7.85; November and december 7.78; December and January 7.77 1-2; January and February 7.78; February and March 7.79; March and April —; April and May 7.80 1-2; May and June 7.81; June and July 7.80; July and August 7.77.

## REVIEW OF COTTON FOR WEEK

English and Continental Spinners Alarmed by Neill Estimate—Spot Markets Active and Strong—The Heavy Buying.

New York, Nov. 11.—A tendency to reduce crop estimates not only here, but in Liverpool, largely account for the advance in prices which has taken place during the week. Also the spot markets are described as active and strong both at home and abroad.

Both English and continental spinners have been alarmed by the Neill estimate of 11,600,000 bales and similar estimates in New York and at the South. Their heavy buying has accentuated the strength of the situation. Furthermore the receipts at the ports and interior towns have continued small, the week's into sight movement is smaller than that of is smaller than this week, and it is getting to be so late in the season the attention of the trade is more and more riveted upon these light arrivals. The ginning figures up to November 1st published on Wednesday were interpreted as bearish and a rather sharp break occurred on that day. On the following day, however, Liverpool people ignored the figures on the ground that November ginning returns are apt to be inconclusive as to the size of the crop. A good many people are awaiting further ginning reports before making up their minds as to the size of the crop. Still others prefer to await the government crop estimate of December. Meantime, however, Lancashire is doing a big business and continental spinners are good buyers. One drawback in the situation here is the absence of active speculation. Also some do not like the dullness of trade at Fall River, and rather disappointing reports from other cotton goods centers. Nor do they like the fact that the spinners' takings have been running behind those of last year. They think, too, that spinners having bought pretty freely are now in a position to hold off if they see fit to do so. But Neill's estimate of 11,600,000 bales as the crop and 12,500,000 bales as the world's consumption of American cotton this season, thus putting the consumption about 1,000,000 bales higher than Ellison's figures together with th light movment and the activity and strength of the Southern spot markets have domination the situation. The large Southern operators have been steady buyers and spot interests which recenily sold heavily have latterly been buying on a liberal scale. The South has sold Winter months on hedges and there has also been more or less Southern, Western and Wall Street liquidations. But, on the whole the buing pressure has been the strongest of late and the fact has been reflected in a substantial advance in prices. Bears think the present high price discounts anything and everything in the bull argument and some of them stick to it that the crop may yet turn out to be ashigh as 13,000,000 bales.

Bulls insist that a new era has been opened for cotton values in which fifteen cents will look cheap in the light of a rapidly expanding consumption and of the fact that America raises something like 85 per cent. of the world's cotton.

## THE GRAIN MARKET.

Chicago, Nov. 11.—Improved milling demand had much to do with a strong upturn in wheat the last hour of trading today. There were also reports that a large percentage of seed planted in Kansas had failed to germinate. At the close prices ranged from 1-4 per cent., to 5-8c below last night. Corn finished 1-4 to 1-2c down, oats off a shade to 1-8c, and provisions unchanged to a decline of 12 1-2.

Wheat—No. 2 red 91 7-8 to 92 1-2; No. 3 do 90 to 91; No. 2 hard 91 5-8 to 94; No. 3 do 89 to 92; No. 1 northern 1.03 to 1.04; No. 2 do 1.00 to 1.03; No. 3 do 98 to 1.02; No. 2 spring 95 to 1.01; No. 3 do 95 to 1.00; velvet chaff 90 to 99; durum 80 to 90.

Corn—No. 2, 50 1-2 to 51; No. 2 white 50-1-2 to 51; No. 2 yellow 50 3-4 to 51 1-2; No. 3, 50 to 50 1-2; No. 3 yellow 50 1-4 to 3-4; No. 4, 49 1-4 to 50; No. 4 white 49 1-4 to 3-4; No. 4 do new 44 1-2 to 45 1-2; No. 4 yellow 49 3-4 to 50.

Oats—No. 2, 31 to 31 1-4; No. 2 white 33-1-4 to 33 1-2; No. 3, 30 1-2; No. 3 white 32-1-4 to 32 1-2; No. 4 white 31 3-4 to 32 1-4; standard 32 3-4 to 33.

## HUBBARD BROS.' REVIEW.

Favorable Advices From Liverpool and Effect Here.

(Special Star Telegram.)

New York, Nov. 11.—On the favorable advices from Liverpool, there appeared a continuous line of profit taking, which supplied the demand on the 10-point advance of the first hour. Then the market became quiet to slowly recede when the weekly movement showed a small increase over last year. Finally the market broke below last evening on continued realizing. The anticipated bullish estimate proved to be an increase of a million bales from the lowest estimate issued in September.

There was a constant pressure on January against purchases of May, which led to the idea that perhaps the concentrated long interests were tranferring their holdings to avoid receiving the cotton in January. No basis could be found for this rumor, excepting the widening of the premium. Like many a reaction the decline today was due to longs selling out, not to short selling.

HUBBARD BROS. & CO.

## UNCERTAIN DAY FOR STOCKS

Spotty and Uneven Fluctuations Marked the Day on the Market—Easing in Tone of Money Market—Conditions.

New York, Nov. 11.—The spotty and uneven fluctuations of prices in today's stock market testified to the unsettled and uncertain opinions held over the speculative outlook. These doubts were the effect of the violent reversal of the decline, which occurred late yesterday, and which gave warning of the over-extension of the short interest.

The caution thus engendered in the bear party protected the market from the raiding tactics which had begun to make rapid inroads on prices before they were checked. At the same time, the rapid covering of short contracts which went on in the course of yesterday's late rally left that interest so much reduced as to deprive the market of a potential support in the necessities of the shorts. The demand outside of that element was not urgent or widespread. The advances which were general at one time, were converted into small declines at the last. In favor of the recovery was the decided easing in the tone of the money market, both on call and time. The preliminary estimates of the week's currency movement showed a relaxation in the interior demand on New York which promised relief from the drain on that account. A more effective influence on the easing of the money market is the liquidation of stocks which has occurred since election day.

The promise of settlement of the express strike in New York was received with satisfaction in the financial district where increasing attention is given to the labor problem. The news of the express strike was given large credit for the mid-session show of strength in stocks. It was helped, also, by the sharp advances in special stocks. Such a movement in the Southern group of railroads was attributed to the advantage of permission to increase freight rates in Southeeastern territory which has been accorded by the Inter-State-Commerce Commission.

The special pressure against New York Central made a bad impression on sentiment and helped to force prices backwards again after the advance. The weakness of the senior Vanderbilt stock was the outgrowth of the analysis of its rate of net earnings compared with increased dividend requirements and the belief that the necessity for new financing confronts it to assure the continuance of projects of improvement already underway. Bonds irregular. Total sales par value $1,360,000. Total sales stocks were 461,300 shares.

**$100 Reward, $100.**

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

## HIGH EXPLOSIVE TEST.

**Winthrop Makes Details Public—Puritan Will be Used .**

Washington, Nov. 11.—The details of the high explosive test to which the armor of the monitor Puritan will be subjected in Hampton Roads on November 15th, were made public today by Acting Secretary Winthrop, of the Navy Department. The experiment will determine the effect of explosive gelatine in an unconfined charge from the heavy turret of the war vessel.

The test was provided for by Congress in the naval appropriation bill for the current year, which stipulates that the $100,000 appropriated for ordnance experiments will not be available unless the Navy Department makes this experiment. Another condition attached to the appropriation refers to an attack on heavy turret and belt armor by armor piercing projectiles at a battle range of not less than 8,000 yards. This test will be adopted later.

The test of explosive gelatine will be made on the after turret of the Puritan the charge being ignited by an electric arrangement from the forward part of the vessel. At least 200 pounds of the gelatine will be exploded.

## FOR ADJUTANT GENERAL.

**Governor Soon to Take Up Appointment of Officer.**

Raleigh, N. C., Nov. 11.—With the return of Governor Kitchin to the city today to take up the clearing away of an accumulation of State business during the strenuous days of the campaign, there is quickened interest in the impending appointment of a successor to General Joseph F. Armfield as adjutant general of the North Carolina National Guard. It is expected that the appointment will be made within the next few days. The applicants are Col. R. L. Leinster, Raleigh, assistant adjutant general; Major L. W. Young, Asheville; Major Max L. Barker, Salisbury; Capt. S. Glenn Brown, Greensboro, and Capt. J. H. Waddell, Newbern.

## STATE PRISON COTTON.

**Directors W... Put 500 Bales on the market at 15c.**

Raleigh, N. C., Nov. 11.—The board of directors of the State penitentiary has just adopted a resolution authorizing the management to sell five hundred bales of this year's cotton crop on the prison farm at ... time, provided 15 cents per pound can be gotten for it. The crop this year will run up to 1,200 bales. The crops of cotton, peas and corn on the State farm are all especially good this year. The directors report steady progress on the construction o. immense dykes along the banks of the Roanoke river to reclaim the 3,000 acres of farm lands flooded some years ago by the washing away of the old dykes, so that 3,000 acres of fine corn land was lost to cultivation. The dyke will cost about $2...0 and will be 30 feet high in some places.

## COST OF LIVING FALLING?

**Quotations on Poultry Show Decrease in Turkey Prices.**

New York, Nov. 11.—Cheerful Democratic leaders here were able today to show that the Democratic inadslide of Tuesday had already been followed by an important decrease in the cost of living.

Their evidence was in the shape of a statement from the poultry markets showing that the quotations on Thanksgiving turkeys are two cents per pound less than they were a year ago under Republican rule.

Last year the New York housewife paid from twenty-five to thirty-five cents per pound for turkey at Thanksgiving time. This year the minimum price is twenty-three cents and the maximum thirty-two.

## TIRED OF PURSUING WIFE.

**Georgian Prefers Divorce to Making Journeys to Texas.**

Atlanta, Nov. 11.—After traveling from Georgia all the way to Iredell, Texas, and back twice just to "make up" with his wife, Miss Missouri Anna Augusta Scott, and on both visits to be met with the warning, "if you value your life you'd better not come back," T. P. Scott grew weary and yesterday filed suit for divorce.

Scott alleges that he persisted in face of danger, but now has given up all attempts at reconciliation.

Alexandria, La., Nov. 11.—When Charles Menard, conductor of a freight train on the Iron Mountain Railroad, attempted to put several tramps off his train near Riverton, La., he was shot and instantly killed by one of the men. All of them escaped.

## TWO DEAD IN FIRE.

**Two Children and Mother Rescued.—Spring Into Net.**

New York, Nov. 11.—Two persons were killed and four seriously injured today in a fire that destroyed two upper floors of the Rosamd apartment house on Manhattan avenue, on the upper West Side of the city, William H. Abbott, a real estate operator, 45 years old, jumped from a front window on the fifth floor and was impaled on a picket fence below, dying instantly. His wife, 40 years old, was burned to death.

But for the heroic work of the firefighters it is probably many more persons would have lost their lives. Imperiled tenants on lower floors jumped into a fire net, and all landed unharmed.

Miss Alice Cullen, a telephone operator, who lived on the top floor, was the most seriously injured of the rescued tenants. Her clothing was all ablaze when the firemen reached her and she was taken to a hospital severely burned.

Two children and their mother were rescued in an unconscious condition and four firemen were hurt when a burning stairway fell under them in a burning tenement.

The annex to the Algonquin hotel was gutted in anotner fire, wrecking the apartment of Frederick Thompson, the theatrical man, who escaped just in time with some of his most valued trophies. The 250 guests in the hotel proper were routed out.

## STANDARD OIL SUIT.

**Operators of the Standard in State of Kentucky.**

Jackson, Tenn., Nov. 11.—The suit of the United States against the Standard Oil Company of Indiana, broadened this forenoon to the extent of bringing to the front the indictment allegations that the freight rate concessions charged were through a "scheme and device" and brought into the limelight the Standard Oil Company, of Kentucky, as the consignee at Grand Junction, Tenn.

Of the thousand or more of shipments enumerated in the indictment, Charles VanOverbeak, traffic manager of the Standard Oil Company, of Kentucky, shed the first light so far as the operations of his company were concerned. He explained that his company acted as a "marketing" company, serving particularly the southeastern territory and that they owned no refineries. Grand Junction, because of its location, serves as a distributing point. So far as the freight charges north of Grand Junction were concerned, he knew nothing. On cross examination Mr. VanOverbeak denied that the dealings he described were other than a legitimate barter and sale.

The cross examination had not been concluded when adjournment was taken until tomorrow.

## EATING MARATHON.

**Contest Starts at Park Ridge to Gain and Lose Flesh.**

Chicago, Nov. 11.—An eating contest began yesterday at Parn Ridge, a suburb, when the first candidates "weighed in" on the scale at the Northwestern station and it will continue for 30 days. During that span, eating in all its forms and ramifications, from the best fattening methods to scientific dieting will be the main topic of conversation in the suburb.

It is a contest framed to work both ways. The contestants may declare their intentions whether to gain or lose avoirdupois and the men who do the best in their chosen paths will be declared winners.

The contest as far as the eating end is concerned is "for men only," but women will be interested also, for there will be prizes for the cooks. A $100 fireless cooker will go to the wives, or cooks, or trainers of the two winning candidates and the winners themselves will be presented with smoking outfits. A condition of the contest is that every contestant must weight in every Friday night and so have his gain or less recorded.

One hundred and twenty men weighed in during the day and this number is expected to reach 250 when the weighing in ends tonight.

## SLAYS CHIEF WITNESSES.

**Bostonian Accused of Assaulting Girl Shoots Two Men.**

Boston, Mass., Nov. 11.—Albert G. Fall, a State House employe, who was at liberty on bail awaiting trial on a charge of assaulting a 14-year-old girl, Esther P. Fogg, yesterday, shot and killed Frank A. Rees, stepfather of the child, and Police Sergeant Frederick Schlehuber, the principal witnesses against him, as they were awaiting to lay the case before the district attorney.

The shooting occurred in the Suffolk county court house. Rees was instantly killed and Schlehuber died a few moments later at the Relief hospital.

## SCHOONER WATERLOGGED.

**The Harrison Beacham is towed Into Progresso, Mexico.**

Mobile, Nov. 11.—News received here says that the American schooner Harrison T. Beacham, of Baltimore, previously reported as waterlogged, has been towed into Progresso, Mexico, with the crew safe.

She was spoken to twice by passing steamers in the gulf, who offered assistance, but which was declined. Capt. Nickles simply asking sufficient provisions.

## SUFFRAGISTS IN OREGON.

**Last Out by Majority of 15,000 in Tuesday's Election.**

Portland, Ore., Nov. 11.—Estimates that Oswald West. Democrat, for governor, carried the State by from 3,000 to 3,500 majority will stand until the official canvass of the votes is made, Jay Bowerman, Republican candidate, concedes that he lost the race by about 2,500 votes.

Analysis of the count so far seems to justify the prediction that the woman suffrage amendment was defeated by about 15,000 majority.

**Malaria Makes Pale Blood.**

The Old Standard GROVE'S TASTELESS CHILL TONIC, drives out malaria and builds up the system. For grown people and children, 50c.

## HEAVY SNOW IN GERMANY.

**Ushered in Winter.—The Rhine Rapidly Rising.**

Berlin, Germany. Nov. 11.—A heavy snow storm today ushered in Winter througnout Northern Germany. Since noon snow has been falling here, but it was of a soft variety and has left the streets in deep slush. Telephone and telegraph wires are all down to the north and also those communicating with Bremen. Direct telegraphic connection with England is interrupted and the Bouse today was able to communicate with London only by means of telephone by way of France.

Coulogne, Germany, Nov. 11.—The river Rhine here is 17 and a half feet above its maximum low level tonight and is still rising.

Manheim reports the river at 18 feet and at Moselle it has reached 22 3-4 feet. At metz the river is the highest that it has been for years. The lower parts of that city are flooded as also are those of a number of towns below Metz. Up stream the Rhine is reported to be falling.

## COUNT LEO TOLSTOI.

**The Worst as to His Condition is Feared at St. Petersburg.**

St. Petersburg, Nov. 11.—The Novoe Vremya has received the following telegram from Tula, signed by Prince Dmitry Obolonsky:

"Count Leo Tolstoi left Yasnaya Poliana on the morning of October 10th, accompanied by a physician and neither has been heard from since.

"The countess is in despair. In a letter to his wife Tolstoi says he has decided to spend his remaining days in solitary retirement."

The last news concerning Count Tolstoi, the eminent novelist and social reformer, was received from St. Petersburg October 18th last. The despatch said he had suffered several fainting spells that day and for several hours was unconscious. In the evening, however, his condition was somewhat improved. Tolstoi celebrated his 82nd birthday last August.

## GET AN INCREASE.

**Six Per Cent. Bonus For the Hard Coal Miners.**

New York, Nov. 11.—For their work during the month of October, the mine workers in the anthracite region of Pennsylvania have received an increase of 6 per cent. on the rate of wages fixed by the Anthracite Strike Commission.

The Commission, after awarding a general increase in wages, provided that there should be a further increase of one per cent. for every advance of five cents in the average tidewater price of the domestic sizes of coal. As the average price was $4.81 in October, this entitled the mine workers to six per cent. more pay for the month. This applies to all classes of employes.

## FORMER AMBASSADOR DEAD.

**Charles Patton Dimitry Has Passed Away at New Orleans.**

New Orleans, Nov. 11.—Charles Patton Dimitry, well known author and member of a prominent Southern family, is dead at his home here. He was the son of Alexander Dimitry, who represented the United States as ambassador to several countries.

He was born in Washington in 1837. After serving as private in the Confederate army, Mr. Dimitry engaged in newspaper work in Richmond, Washington and New York, subsequently returning to his former home at New Orleans. He was the author of a number of well known novels and historical works.

## GASSAWAY DAVIS FOR SENATE.

**To Succeed Senator Scott—Once Candidate for Vice President.**

Elkins, W. Va., Nov. 11.—The present overthrow by which the West Virginia Legislature becomes Democratic has led to Statewide speculation as to candidates to succeed Nathan B. Scott, (Republican) in the United States Senate, and it led today to the announcement that Henry Gassaway Davis, the Democratic candidate for Vice President in 1904, has entered the contest. In announcing his candidacy for the Senate he says he acts upon the assurances of members of the newly elected Legislature and friends that they are kindly disposed to the idea.

## TO INSPECT PANAMA CANAL.

**Congressmen Are Guests New Orleans Exposition Company.**

New Orleans, Nov. 11.—Several members of the House committee on industrial arts and expositions, the entire Louisiana delegation inCongress and a number of prominent business men will leave New Orleans tomorrow on board one of the United Fruit Company's steamers for Panama as the guests of the world's Panama Exposition Company.

After an inspection of the canal the Congressmen will return to New Orleans and go from here to Washington. The members of the party are today guests of the city and exposition officials.

## S. C. COMMISSION.

**Maj. Earle Wanted to Succeed J. M. Sullivan.**

Greenville, S. C., Nov. 11.—A movement has been launched in this city to have Major John H. Earle appointed to succeed the late Mr. J. M. Sullivan as railroad commissioner. The plan is to have Major Earle resign his present position and be appointed to succeed Mr. Sullivan. Major Earle's term expires in January.

## RIVER SEINE HIGH.

**Steamers Forced to Suspend Operations Because of the Current.**

Paris, Nov. 11.—The river Seine is again on a rampage. The rapidity of its current today forcer all the steamers on the strea mto suspend operations.

Prolonged rains in Eastern France have swollen the affluents of the Seine and the steady rising of the big river has caused renewed uneasiness in the lower sections.

The suburbs of Paris in the vicinity of the river bed are already slightly flooded.

The river Huerthe and its branches are over their banks, inundating many villages. Great damage has been done at Nancy, where 1,500 persons have been driven from their homes.

The valley of the river Moselle is flooded and many factories have been compiled to shut down.

## STAR BUSINESS LOCALS

**Advertisements inserted under this head one cent per word for each insertion but no advertisement taken for less than 25c. Additional words, more than 25, one cent per word. Unless the advertiser has a regular account, all advertisements under this head are STRICTLY CASH IN ADVANCE, the amount being too small to warrant a charge. The Star will send without charge, A. D.
